

# DODGE BROTHERS MOTOR CAR

The car might have beauty without comfort, or comfort without either beauty or economy—but when owners find all three combined in a high degree it is easy to understand their extraordinary enthusiasm.

The maintenance cost is a source of real satisfaction to the owner. The consumption of gasoline is light and the tire expense is reasonable because the size of the tires is right for the weight of the car.

The motor is 30-35 horsepower.

Price for this wonderful car in Estacada is  
"If you want to get there, get a 'DODGE'."  
ASK THE MAN WHO OWNS ONE. **\$880.**
