Major U. M. C. Silva and wife, prominent in business and social circles in Portland, spent the week end at Barton, making arrangements to hasten the improvement of their property lying along the Clackamas River between Barton and Bakers Bridge. The landscape gardner having completed his work, the Major assures us a modern bungalow will be erected soon, making this one of the most attractive country places along the river. It is expected that Mrs. Silva will prove a valuable acquisition to the social set in this part of the country.

The Real Thing.

Fred, aged three, had been a naughty boy, and his mother had punished him. He felt very much hurt and complained to his auntie about mamma's spanking him. Auntie said, "It is not you that mamma spanks, but a little devil inside of you who makes you do naughty things." After sitting very still for five minutes he said, "It beats all how it hurts me when that devil gets spanked." - Delineator

A Great Copper Mine.

For nearly 700 years copper ore (chalcopryite) has been taken regularly from a mine in the province of Dalecarlia, Sweden. The mine contains the largest copper ore deposit in Sweden and is supposed to be one of the greatest chalcopryite properties in the world.

HEAR WITHOUT EARS

Police and Detectives Are Using
Lip Reading in Place of
the Dictagraph

Thousands of deaf people are today throwing away all hearing devices and enjoying all conversation. This method is easily and quickly acquired thru our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. We guarantee results, it will amaze you. Cost is trifling. See what New International Encyclopaedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip Reading for the many additional benefits gained. You can understand what the actors are saying in the moving pictures. You can understand what people are saying just as far away as you can see them. The eye understands beyond the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent you absolutely free and with no expense to you. Address, School of Lip Language, Kansas City, Missouri.

THE MARINE MISUNDERSTOOD THE GOOD JUDGE

YOU would rather take a slow, small chew, of course! Men who use W-B CUT Chewing—the Real Tobacco Chew, new cut, long shred—get real satisfaction from less than a quarter their old size chew. And, naturally, they are passing the good word along. Get a pouch and see for yourself that the Real Tobacco Chew satisfies you better.

R. M. Standish Estacada Representative

Mrs. Lera Dale and children of Estacada are leaving this week for Wallowa, Ore., where they will make their future home, as Dr. Dale has established a fine dental practice there.

The Estacada Garage is busy now, demonstrating and taking orders for the new Ford hood, which greatly adds to the graceful and racy lines of the machines. Within a short time, the majority of Ford owners will have their cars equipped with these attractive fronts.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
