ESTACADA WALLOPS LANG GANG Locals To Play In Chautauqua Series

With a slightly altered line-up, but possibly no better than formerly, the Estacada team walloped the Lang Company team of Portland last Sunday afternoon, by a score of 11 to 4.

A good sized crowd paid their little two-bits or fifteen cents, depending on the gender of the fans, to witness the slaughter, which commenced with the seventh inning, with the score 2 to 2. At this time, Estacada started one of its famous batting rallies, resulting in all nine men going to bat and eight of them crossing the home plate.

Neil Bronson pitched seven innings, allowing George Smith to finish the game and as but seven hits were obtained off Estacada, the pitchers performed up to form.

This was Lang & Co.'s first defeat of the season, but the cleaning was sufficient to stop all further crowing, although the game might have been different had their regular twirler, Knutson, been in the box.

With Roy Douglass soaking out a home run, the following Estacada players received hits, Newell 2; Simmons 1; C. Douglass 3; R. Douglass 2; G. Smith 1; Neil Bronson 1; Lee Bronson 2; Goberg 1; Art Smith 2.

Lester Newell of Damascus is the latest recruit to the local team, being a speedy second baseman and a strong batter, and the fans hope to see him regularly in the game.

Manager Lovelace completed arrangements with Secy. Cross of the Willamette Valley Chautauqua Association, Monday, for the Estacada team to take part in the coming baseball series, for the county championship, played during the assembly from July 9th to 21st.

Inasmuch as the rulings this year, only allow of Clackamas County players being used on the contesting teams, Eastern Clackamas, with Estacada representing this part of the county, should be a strong contender.

Next Sunday afternoon the local team will play the Tribe of Ben Hur of Portland on the Estacada grounds.

HEYLMAN ASSUMES OFFICE New Location To Be Occupied Soon

Beginning on Monday, W. A. Heylman, the newly appointed postmaster for Estacada, assumed the duties of the office.

For the past few weeks, Mr. Heylman has been availing himself of the courtesies of the office, as extended to him by past postmaster, A. N. Johnson, where he has been familiarizing himself with the complicated systems in vogue in handling the government's postal work.

For a short time the post-office will remain in its present location but later will be moved into the old bank building, near the corner of 2nd and Main Sts. This building is admirably adapted for the purpose, with vault, safe and other conveniences, altho the location is far from popular with the majority of merchants, who feel the need of a more centrally located station.

The interior of the new building has been partly rebuilt and altered, the work being done by W. W. Boner and when the boxes, windows, etc. are installed, will be a credit to Estacada.

Postmaster Heylman wishes to thank his friends for the successful support given his candidacy for the postmastership and wishes to assure the public that he will strive to give the best of service in all matters pertaining to the department and will strive by courteous treatment and attention to details, to conduct the office as it has always been handled by his predecessor.

The News knows that it voices the sentiments of the people in wishing Mr. Heylman success in his new field and in heartily thanking retiring postmaster Johnson for his efficient administration.

BELOVED WOMAN AT REST Mrs. C. S. Allen Passes Away Wednesday

After a three weeks struggle, following a serious operation at a Portland hospital, Mrs. Annie Allen of Cazadero, passed away peacefully, early Wednesday morning, May 31st.

The sad news of the death of Mrs. Allen came as a shock to the hundreds of friends in this community, who had been hoping for her early recovery, as an improvement in her condition had been reported up to within a day or two of her death.

While to the bereaved husband, mother, sisters and dear ones, her passing is a sorrow which only years will soften; that feeling of a deep personal grief and loss is upon everyone of us who had the pleasure of knowing, working with and having been associated in any way with Mrs. Allen.

To the last, her spirit of sunshine, cheerfulness and unselfishness was present, forgetting her own sufferings in the desire to cheer her aged mother, her husband and family.

Mrs. Allen, who was the wife of C. S. Allen, was in her 33rd year and had lived at Cazadero the most of the time since their marriage in 1901, where their home has always been a cheerful spot for the various members of their family and their many friends.

Morton Leaves For Alaska

Thomas Morton of Estacada, who for the past three or four years has been employed in the forestry and fisheries work in this vicinity and who is at present in charge of the salmon traps on Eagle Creek, this week received the appointment from the U. S. Bureau of Fisheries, to proceed to Yes Bay, Alaska, where he will take charge of fish-hatchery work.

This appointment is a civil service one and as Morton recently passed the necessary examinations with a high mark, this honor is well deserved.

While Tom's many friends are congratulating him upon this deserved appointment, the young folks especially regret his leaving Estacada, where he has always been one of the most popular of the younger men.

SCHOOLS CLOSED

Boxing And Tennis Feature Carnival

With the Eighth Grade Graduation Exercises taking place Monday evening and the High School Commencement program occurring Tuesday evening, the Estacada Public Schools closed until next September.

The Commencement Exercises were held in the Estacada Pavilion, which easily accommodated the crowd but failed to protect them from the cold night winds, which freely blew over the audience.

Dr. Doney of Willamette University gave a splendid commencement address, followed by the presentation of diplomas by Prin. Guthrie and the awards of scholarships by Pres. Fred Jorg.

The only disagreeable feature of the exercises was experienced by the young ladies of the graduation class, who robed in light, airy, flimsy and in some instances slightly decolette gowns, were forced to remain in their platform seats and attempt to suppress the shivers, keep their hands and lips from getting too blue and at the same time take an interest in the exercises going on about them.

Of the awards, Carl Kimmel was presented with a scholarship to Whitman College; Miss Jessie Hanna receiving similar honors from Willamette University and Miss Leila Howe being given the Oregon Conference Scholarship, which allows her the choice of Reed, Albany, Philomath, McMinnville, Pacific Colleges or Pacific University.

One of the pleasing features of the exercises was the plentiful supply of gifts to the members of the graduation class, among others being the presentation of 17 beautifully bound Bibles, as a gift from Mrs. C. W. Devore of Estacada to the class members. All graduates were remembered with presents, among them being a 17 jeweled gold watch and fob, which now adorns the front of George Harkenrider. Bouquets of roses and others flowers added to the pleasure of the occasion, blending into the profusion of floral decorations throughout the pavilion.

The News has not been advised of the future intentions of the graduates, some of whom will enter teaching, others will attend college and a few will begin at once, that noble profession which
