Show Your Gratitude.

Gratitude is one of the prettiest posies in the bouquet of human virtues. Cultivate it and it will bloom always. Gratitude costs nothing, but repays much, and yet it is a gem of character that is rare indeed.

Never forget the friend who threw you the life line. To do that is treason of the rankest kind. Keep green in your heart the memory of every obligation and lose no opportunity to repay it. Show your gratitude for a kind act done you by doing a kind act for some one else.

A grateful "Thank you!" for a seat in a street car reimburses the man who hangs to a strap. Silently accept the seat as a matter of course and you have started that man on the slide to selfishness.

Kick out of your selfish shell and express your gratitude on the least provocation. If you never give gratitude never expect it. In proportion to your gratitude so will you be graded by your fellow men.—Boston Post.

"Uncle Sam."

The application of the term "Uncle Sam" to the United States had its beginning in Troy, N. Y., during the war of 1812. A commission contractor of Troy named Elbert Anderson had a shop in which the stocks were always examined and passed by a government inspector called Samuel Wilson, who was generally known as "Uncle Sam." When the boxes were passed they were always marked with the initials of the contractor and the nation, "EA-US." One day the man who was doing the marketing was asked what the initials stood for and replied jokingly that they were the initials of the contractor and of "Uncle Sam." The joke spread among the men, got into print and long before the end of the war had become known all over the country. Mr. Wilson, the original "Uncle Sam," died in Troy in 1854.—New York Times.

Beloved Woman At Rest

Continued from first page.

Besides the sorrowing husband, the deceased is survived by her mother, Mrs. Annie Bruner and her sisters, Mrs. Elizabeth Humphrey and Mrs. Nellie Marshall of Cazadero and Mrs. Carrie Goforth of Butte, Montana.

The body was brought from Portland to the family home Wednesday afternoon. The funeral services will be held Friday afternoon at two o'clock from the Estacada M. E. Church, Mr. A. Demoy officiating. The interment, in charge of undertaker L. A. Chapman of Estacada, will take place at Lone Oak Cemetery.

In the passing of this beloved young woman, the words of the Master—"I glorified thee on earth, having accomplished the work which thou hast given me to do"—are fitting. Yet to believe that the taking away of this good woman, is a dispensation of a Higher Power taxes to the utmost our faith in the Almighty's love, but our comfort comes from the knowledge that His ways are right.

Mrs. Allen had not reached the prime of life, as her 33 years are counted, but in the measure of good works, cheerfulness, self-sacrifice and laboring for others, she had more than accomplished her share.

In the Civic Improvement Club, in church and social circles, where she had always been an unselfish, conscientious worker, her absence will be felt for many years, but her beautiful face and pleasing personality will long be remembered by her fellow workers.

The heartfelt sympathy of this entire community is extended to the sorrowing husband and loved ones, in this time of deepest grief.

Grammar School Picnic

On Wednesday the grammar school pupils of Estacada picnicked at Harkenrider Park and enjoyed the picnic from the bountiful lunches to the accidental ducking in the nearby creek of a couple of the youngsters.

The picnic party started thru the streets of Estacada led by the noisiest part of the school band and resembled a section of the Portland Rose Show parade.

Match Sticks.

Certain kinds of matches are shaved with the grain from sawed blocks. Others are cut both ways by saws. In still further varieties the blocks are boiled to make them cut easily. By some machines a boiled or steamed log is revolved on its own axis, and a shaving the thickness of a match is cut round and round. This shaving is at the same time cut into lengths and split into match sticks. It may be said that there is hardly a limit to the varieties of methods employed. Round matches are made by forcing them through dies.—Harper's.

The Capacity to Sleep.

Very enviable is the capacity to sleep in any position, which has been attributed to Chinese soldiers. In his "Chinese Characteristics" Dr. Arthur H. Smith, the American missionary, says: "It would be easy to raise in China an army of a million men—nay, of 10,000,000—tested by competitive examination as to their capacity to go to sleep across three wheelbarrows, with head downward. Like a spider, their mouths wide open and a fly inside."—London Opticon.
