W. R. Reid & Sons of Garfield report this week the sale of a "Samson 23" tractor to Spring-water parties.

To Calculate Congresses.

To determine the years covered by a given congress double the number of the congress and add the product to 1789. The result will be the year in which the congress closed. Take, for example, the Thirty-fifth congress. Doubling it gives us seventy; add 1789 and we have 1859, the year in which, on March 4, the Thirty-fifth congress closed. To find the number of a congress sitting in any year subtract 1789 from the year. If the result is an even number half that number will give the congress of which the year in question saw the close. If the result is an odd number add one, and half the result will give the congress in which the year in question was the first year. Take, again, the congress sitting in 1858. Subtract 1789 from 1858 and the result is sixty-nine. Add one, making seventy, and divide by two, showing that the Thirty-first congress was holding its first regular session in that year. The year 1789 is the basic number, because that was the year in which the First congress under the constitution convened. — Philadelphia Press.

An Ideal Island.

The island of Ascension, in the Atlantic, belonging to Great Britain, is unique in many respects. There is no private property in land, no rents, no taxes and no use for money. The flocks and herds are public property, and the meat is issued as rations. So are the vegetables grown on the farms. When an island fisherman makes a catch he brings it to the guardroom, whence it is issued by the sergeant major. Practically the entire population are sailors, and they work at most of the common trades. The climate is almost perfect. The island is 8 by 6 miles in size and has a population of about 450. It is 250 miles northward of St. Helena and is governed by a captain appointed from the British navy.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.
F. J. CHENEY & CO., Toledo, O.

HEAR WITHOUT EARS

Police and Detectives Are Using
Lip Reading in Place of
the Dictagraph

Thousands of deaf people are today throwing away all hearing devices and enjoying all conversation. This method is easily and quickly acquired thru our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. We guarantee results, it will amaze you. Cost is trifling. See what New International Encyclopedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip Reading for the many additional benefits gained. You can understand what the actors are saying in the moving pictures. You can understand what people are saying just as far away as you can see them. The eye understands beyond the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent you absolutely free and with no expense to you. Address, School of Lip Language, Kansas City, Missouri.

THE MINE BOSS CARRIES THE JOYFUL NEWS TO THE BOYS

SO YOU THINK YOU'VE FOUND
THE REAL TOBACCO CHEW
AT LAST.

TOBACCO satisfied—from a clean, small chew of W-B CUT Chewing—the Real Tobacco Chew, new cut, long shred. Men are glad to hear about it, and to tell the glad news to their friends in turn. Get a pouch and when you take your first chew remember that W-B CUT Chewing is rich tobacco. A small chew satisfies. "Notice how the salt brings out the rich tobacco taste"
Made by WEYMAN-BRUTON COMPANY, 50 Union Square, New York City

Alaska's Verdant Islands.

The island of Attu, at the end of the Aleutian chain, is not far from Asia. From north to south Alaska reaches almost as far as from Canada to Mexico.

This mighty territory is a world in the variety of its lands and waters. It is a country of seas, lakes and rivers and of almost as many islands as the empire of Japan. It has a vast continental mainland, with mountains and valleys, rolling plateaus and great lowland plains. I traveled a thousand miles through rocky islands in going from Seattle to Skagway and later passed through the Aleutian archipelago, which extends from the end of the Alaskan peninsula about as far westward as the distance from the Atlantic ocean to the Mississippi river. The island of Kodiak is as big as Porto Rico, and Prince of Wales island is as large as Connecticut. All of these islands are green from one year's end to the other, and some have a vegetation as dense as that of Hawaii.—Christian Herald.

Novel Use For Gunpowder.

"Early in the sixties of the last century," writes Rev. Fuller Mills, a Welsh clergyman, "I was a boy behind the counter of what was known as the company's shop at Aberlillery. Among the collier customers who came to the shop was a tall, well developed man known as Dick Stevens or Stephens.

"He was a member of the prize ring or the pugilistic fraternity, which was very popular in those days. . . . Dick Stevens was matched to fight Lanto Cateham and was preparing for the fight when he came to the shop for his weekly requirements. . . . He generally asked for an ounce or two of gunpowder. I wondered at this, and my curiosity was aroused.

"I asked what he used it for. His reply was: 'I mix it with my gravy when I have my dinner and swallow it. It prevents the flesh from easily puffing under the hard blows of an opponent. The cuts and bruises are not so hurtful and heal more easily.'

Worms Used In Medicine.

The earthworm, or the common fish-worm, was utilized by the medical practitioners in Europe two and three hundred years ago. The worms were for internal administration and sometimes made into an ointment or embrocation for external use.—Pittsburgh Dispatch.

Information Wanted.

Most of the stock phrases of everyday life are intelligible to us, and we know a jot, but we wish somebody would tell us what a tittle is.—Columbia State.

Parent Teacher Notice

The Parent Teachers' meeting which was to have been held Thursday, June 8th, has been postponed until Tuesday, June 15th, on account of the Portland Rose Festival. Mrs. Nealond of Portland will speak on playground supervision and all mothers are urged to be present.

W. Givens will make a shipment of livestock from the Estacada yards next Wednesday, June 7th. Parties having stock for sale, notify him at once.

There will be a meeting of the community church committee next Sunday morning, at the W. W. Dillon home in Garfield.

Mrs. J. E. Ikerd and children of Estacada left today for Bay Point, California where she will make her future home. Mr. Ikerd had preceded her by a few weeks.

Among the many presents and favors conferred upon the graduating class of the Estacada High School, was an ice-cream spread, tendered to them by Ed Boner of Estacada after the Commencement exercises, Tuesday evening.

Miss Beatrice Lilly of the Estacada school faculty, left Wednesday afternoon for her home in Portland. Miss Lilly will this week attend the reunion of her class at the U. of O. and witness the graduation of her sister, Miss Grace Lilly, who last year taught the 8th grade here.

Cyprus.

Cyprus was an extremely popular resort for Britishers for a year or so after the announcement, in 1878, that it had become a British protectorate, but as the coast could not provide harbors to compete with those of Malta the vogue of the island receded as quickly as it had sprung up.—London Globe.
