

Make Wasco Trip via Highway

Mr. and Mrs. J. C. Peterson and Mr. and Mrs. Wm. Bard of Springwater, recently completed an enjoyable four days auto trip to Wasco, Sherman County, by way of the Columbia River Highway.

The tourists left on Tuesday, the 9th, stopping at points along the route, visiting Mr. Cheveron, formerly of Estacada, now manager of a large apple ranch near Odell; also Mr. and Mrs. Kinney former Estacadians, who are operating a large wheat ranch near Wasco.

The trip was replete with experiences, some of which were of a thrilling nature, especially the ascent of the seven mile Mosier Hill, which at places has a road grade of 25%. Several accidents have happened at this spot, but the party in their Ford car, experienced no trouble and made the ascent without the aid of the team, which the county keeps at that point to aid autoists.

The route led over the Deschutes River at Miller's Bridge and on the return trip included a tour of the Hood River valley with its famous orchards.

Morton Arrives At Ketchikan

Tom Morton of Estacada, who two weeks ago, left for Yes Bay, Alaska, to enter the government hatchery work, had arrived the 11th at Ketchikan, after a four days voyage.

In a letter received last week, he reports Ketchikan to be a good live town of 1500 or more, with plenty of work for all comers, but as to Yes Bay, which lies about six miles beyond, he could not answer, but expected to go there in a day or two. His address is Yes Bay, via Ketchikan, Alaska.

Captures Brown Cubs

Fred Bannister of Estacada, returned last week from a trip near the Hot Springs in the interests of the forestry work, bringing with him two small brown bear cubs.

These animals are now being cared for by Jim Abbott of Estacada and are attracting much attention, especially from the youngsters, as the cubs are as gentle as puppies.

Picnic and Housewarming

About forty friends of Mr. and Mrs. Frank Ewing of Springwater, last Friday evening made the trip from Estacada to the Ewing farm, where the evening was spent, starting with a sumptuous picnic dinner in a nearby grove, followed by dancing and a general good time.

To Improve the Service

"I wish to say to the patrons of the Estacada Postoffice, residing on the rural routes, that if they will notify the carrier or this office, of any visitors, who may be expecting mail delivered through Estacada, it will greatly assist in giving good service.

I hope to make the service as nearly perfect as possible and it is necessary to have the cooperation and assistance of the patrons to accomplish this end."

Signed—W. A. Heylman
Postmaster.

OF ALL DESCRIPTIONS

If you have any for sale, phone my agents,
Jack Saunders, care of Henry Githens, Cur-
rinsville or B. F. Cogswell, Eagle Creek, Or.

A. W. Botkin of Garfield, who for the past three months has been suffering from acute sciatic rheumatism, is able to be about now, with possibly the lure of a good tennis court as an aid in his recovery. As Mr. Botkin at one time held the Montana State Tennis Championship, he is a valuable addition to the Estacada Tennis Club.

Vance Ferguson, a sophomore at Stanford University is now working for the railway company, as an assistant to Engineer H. S. Schupham of the Upper Dam.

Mrs. Charles Kent and daughter Louise, of Seattle are visiting at the home of her brother, L. A. Chapman of Estacada.

Notice To Water Users

Owing to the present summer season with its hot weather and the consequent tax on the city water supply, the following notices have been distributed.

"Notice to Water Users—regulations for sprinkling are as follows: Sprinkling will be allowed North of 4th Street on odd days only; South of 4th Street on even days only. Hours of sprinkling are from 6 to 8 A. M. and from 5 to 8 P. M. Anyone violating this ordinance will have their water turned off, and be subject to a fine of \$1. to have it turned on again.

Water Committee,
Estacada City Council.

Benson Transferred

A. Benson, the popular River Mill Hatchery foreman, recently received word from the Federal Fish & Game Dept., to be in readiness to go to Salmon City, Idaho, where for four or five months he will handle the salmon hatchery.

During his absence, a Mr. Bronson of the Clackamas Hatchery will be in charge of the River Mill station.

Mail Route Improved

Rural Carrier A. Demoy of Estacada is enthusiastic in his praises of the good work that has been done by the workers of Road District No. 49, under the leadership of Supervisor Ralph Lemon, in the grading of about eight miles of road, along the mail route, in that district.

District No. 49 voted about \$1,000. for the improvement of the road and has made a fine showing with the money.

Eagle Creek Notes

Contributed

Mrs. Howlett was the recipient of a pleasant call from Mrs. Mary Trullinger and Mrs. M. C. Glover one day last week.

Mrs. Ida Carpenter was the dinner guest of Mrs. D. Beckett last Wednesday.

Everett Beckett was out Sunday visiting with his mother, Mrs. D. Beckett.

Will Douglass made a business visit to Stevenson, Wash., recently.

H. H. Hoffmeister, who is ill, is getting along very well.

Mrs. J. D. Douglass, of St. Joseph, was visiting with her mother, Mrs. Howlett, for several days last week.

Miss Iva Mumpower called on Miss Lena Cahill Sunday afternoon.

Mrs. Viola Douglass and son, Carl were Portland visitors Saturday.

Miss Iva Preister and Mr. Fairchild of Oregon City were guests at the home of Roy Douglass Sunday.

Eagle Creek Grange held its regular session last Saturday with about 40 present including visitors. As it was Children's Day, quite a number of the little folks were present. A short but excellent program was rendered, most of it being given by the children, the older people enjoying it. The Worthy Master, Edwin Bates, was delightfully disappointed, because he thought there wouldn't be much of a program for that day. We are always pleased to have the children present with us, so, parents, please bring them often.
