

Parent Teachers Open Play Shed

At a special meeting of the Parent Teacher Association, held in the school house Tuesday afternoon, June 13th, the question of summer supervision of play was considered.

Mrs. C. W. Devore, president of the association, had secured Mrs. Nealond of Portland to speak on Playground Supervision.

Prior to the afternoon meeting, the president entertained the Executive Committee of the local Parent Teacher Association at lunch with Mrs. Nealond, at the Log Cabin, followed by an informal round table discussion.

For the summer play shed supervision, it was decided to secure three groups of two parents each to act for each month of the vacation. The committee having charge of this arrangement is: Mrs. J. W. Reed, chairman, Mrs. C. F. Howe and Mrs. Wm Kaake. Special classes for summer work are planned for the three afternoons each week on which the play shed will be open. Work in tatting, crocheting and raffia are lines under consideration.

Mrs. Nealond gave an interesting account of the forms of service being undertaken by the Portland associations. Among these she spoke of five bills to be introduced into the next meeting of our state Legislature. The one especially interesting to Estacadians is a bill to prohibit absolutely the sale of cigarettes in Oregon.

Adjournment was taken to the September meeting.

The play shed will be open from 1:30 to 4:30 Tuesday, Thursday and Saturday afternoons until further notice.

The Christian Church Ladies Aid Society, will operate a cafeteria on July 4th in the park grounds, so all visitors on that day are advised not to bother to bring a picnic lunch.

Prof Larsen's Field Researches Attract

Prof. Larsen, agronomist of the O. A. C. Extension Staff, spent Monday, Tuesday and Wednesday of this week in this district, accomplishing much good.

Field meetings, consisting of researches and explanations by Prof. Larsen were held in Lower and Upper Garfield, George and Springwater, with many farmers accompanying the professor in his first-hand field investigations.

The advertised meeting for Wednesday afternoon in Estacada, was poorly attended, as those farmers who had attended the field demonstrations, felt they could not spare the time to take in the general meeting and the farmers who did not attend the field meetings, showed equal interest in the Estacada gathering.

Much valuable information was imparted by Prof. Larsen at these meetings and being on the spot with actual growing conditions present, many farmers feel that they profited doubly.

Nearly 100 Do Road Work

The Currinsville Good Roads Day was a big success, with nearly one hundred people participating, including forty or fifty men and as many of the fair sex, besides 13 teams.

The men accomplished wonders in the cutting down of the Hale hill on the main Currinsville road, while the women prepared such a sumptuous dinner, that sufficient was left over after the noon meal, to necessitate a supper at 5:30 that evening.

The Good Roads Day, which was to have taken place on the Lone Oak Cemetery road Tuesday, has been postponed until Friday the 23rd.

Cheese Factory To Be Discussed

At the regular monthly meeting of the Eastern Clackamas Taxpayers' League, which will occur at the Estacada Family Theatre, Saturday, June 24th, starting at one o'clock, the main subject for discussion will be the advisability of starting a cheese factory in this community.

Instead of confining the program to a discussion of tax measures, the league's officers have decided to give this meeting over to the discussion of marketing facilities for the farmers' dairy produce.

Hundreds of local farmers are interested in this question and should attend this meeting, where the matter will be presented from all angles, with the speakers answering questions covering the various phases of the cheese making business.

The leading speaker on the subject will be D. C. Zinc, of the traffic department of the P. R. L. & P. Co., who has for the past few months carried on extended investigations of the cheese industry in other parts of the state.

Other matters, pertaining to the work of the league will be considered and it is hoped that Guy T. Hunt of Garfield will give a short talk on the subject of "County Fairs and County Fair Boards."

This community can have a cheese factory, if the farmers want one, so every farmer is urged to attend this meeting and bring his neighbors.
