

THE ESTACADA CANNERY

NEEDS YOUR FINANCIAL SUPPORT

In order to handle more orders and to move the orders for canned goods, which we have already booked, more capital is necessary.

This section can grow the necessary fruits and vegetables, which are in demand in the canned form, so why not handle the canning here, build up a local industry, add to the value of the lands, create a steady market for your produce and keep the profits at home, instead of having the goods canned elsewhere?

The following orders will give an idea of the demand which now exists for our canned fruits, these are merely representative of many received, part of which we have accepted, with others refused this year, because of our limited canning facilities.

Sprague Warner & Co. of Chicago, will accept all of the No. 2 1-2 Fancy Pack Bartlett Pears, that we can furnish.

Steele Wedles & Co. of Chicago, have already ordered 800 cases 1-2 doz. gal each No. 10 Extra Standard Bartlett Pears. 100 cases 1 doz. gal each No. 10 Gooseberries.

(Our Chicago broker advises that the Chicago market will take all of the blackberries and loganberries, which we can furnish.)

Mason Ehrman & Co. of Portland this week ordered
50 cases No. 2 1-2 Blackberries
50 " No. 2 "
40 " No. 2 1-2 pie apples
400 " 1-2 doz. gal. each, Bartlett Pears.

The Case Grocery Co., Rideman Baking Co. and the National Biscuit Co. of Kansas City, have together ordered
25 doz No. 10 Blackberries
12 " " " Gooseberries
10 " " " Loganberries
10 " " " Blackberries
75 " " " Strawberries
200 " " " Cuthbert Raspberries
400 cases 1-2 doz gal. No. 10 Blackberries.

As a good investment from a financial standpoint, why not subscribe for a share of stock now. You will be the gainer many fold and in many ways.

The following is a list of the local business men and ranchers who have already subscribed for stock and are helping to build up an industry in this community:—
