Mr. and Mrs. R. H. Currin of Wm. Miller, head salesman of ing at a delightful dinner party, week visiting at the homes of

Currinsville entertained a num- the Albers' Bros. Milling Co. of ber of friends last Saturday even- Portland, spent a few days last Later in the evening, all guests his brothers, Ray, Ed, Charles, attending the dance at the Esta- Bob and Adolph, in Viola, Estacada and George.

Our Reason

Insinuations have been current recently relative to the exceptional interest and enthusiasm being displayed by the News and its publisher towards the Estacada Cannery and its need of publie financing.

The question arises, as to whether the said publisher is on the inside on this deal. For the benefit of all questioners, the publisher wants it distinctly understood that he is on the inside on this deal, just the same as any other stockholder and is putting as much money as he can afford into the industry, knowing that it should not only prove a good investment, but that it will seriously harm the newspaper, the town, the community and every resident, if the Estacada cannery closes down.

Mrs. I. M. Abbott of Myrtle Point visited for a few days recently at the Ray Eschleman home in Estacada, as the guest of her brother-in-law, Jas. Abbott.

Miss Rachel Reed of Estacada is this week entertaining the Misses Helen McFaul and Marie Johns of Portland and Seattle, the guests being sororiety sisters of the hostess.

The Oregon Agricultural College has this week issued a valuable bulletin dealing with testing" from all standpoints. This bulletin may be had on application to the college.
