Springwaterites Make Ten Day Tour

Three auto loads, containing Mr. and Mrs. John Stormer and son and Mr. and Mrs. Will Bard in the latter's Dodge car; Mr. and Mrs. Loren Tenny and family in their Ford car and John Lovelace and family in his Dodge machine, returned recently from a ten days outing, during which time they visited many of the coast resorts.

The party made the trip via Oregon City, Sherwood, The Grande Ronde Reservation and Dolph to Pacific City, where they visited J. C. Peterson and wife of Springwater, who are summering there.

The return trip was via Seaside, Tillamook, Astoria and the Columbia Highway to Portland. As the weather conditions were perfect, the roads in fine shape and all machines ran like clocks, the trip was an enjoyable one for all.

F. D. Hunt, traffic manager of the P. R. L. & P. Co. and his brother, of the claim department of the O. W. R. & N. Co. were Estacada business visitors one day last week.

Reports are received from all sections of haying being well along and threshing outfits beginning work.

Frank Dowty of Portland has been spending his vacation with his parents.

Wilma and Lillian Duncan of Garfield are visiting with Marie Heiple this week.

Chas Duncan of Garfield purchased a Lincoln ram from John Githens this week.

Mr. and Mrs. Henry Beers rented a place of W. J. Furnish of Portland. The place joins that of John Githens. Mr. and Mrs. Beers are now living in their new home.

On returning to the house after a few hours absence last Sunday, John Githens and family found that their house had been ransacked and found several things missing. Among the things that were taken were several spring chickens, three hams of meat and some butter and eggs. The thieves would probably have done more damage had not Wilbur Wade and Chas Duncan come along at that time and frightened them away although Mr. Wade and Mr. Duncan did not suspicion them as being robbers or they would have taken the number of their car, which was a Saxon.
