New Slaughter House

Livestock buyer M. J. Kerkes of Portland has had erected an up-to-date slaughter-house on the Henry Githens' place in Currinsville.

This is the first of its type locally, being perfectly sanitary and has this week been inspected and passed by G. H. Fullenwider of the Oregon Dairy & Food Commission.

Besides the buying of stock on the hoof, Mr. Kerkes is now in the market for dressed hogs, paying within 1/2c of the Portland prices.

GEO. C. BROWNELL.

The voters of Clackamas county have an opportunity this fall of sending to the legislature a man, who not only promises to do things for the taxpayers, but has previous experience to bear out his statements in this particular.

In the nomination of George C. Brownell, the Oregon City attorney, for the legislature on the republican ticket, the voters could not have selected a stronger or more capable man, or one better versed in the inner workings of the legislative body and thus knowing how to go about to get things accomplished.

Geo. C. Brownell was 12 years state senator from Clackamas county, and served as president of the body. Upon the adjournment of the senate every republican and democrat in the body gave him a rising vote of thanks for the honest way in which he had administered that important office. And further, to show his standing as a member of the senate he was selected by a unanimous vote to deliver the address of welcome to the then president of the United States, Theodore Roosevelt, when the latter visited Salem.

The Journal Records of the senate for 12 years show that Geo. C. Brownell always voted against everything that tended to make high taxes and always fought appropriations, and was the only man in the senate who voted against the appropriation of a half million dollars for the Lewis & Clark fair, contending that the wealthy business men of Portland and the railroads would be benefitted by such an exhibition and that they ought to raise the money.

The Senate Journal of 1901, Page 45, shows that Mr. Brownell took charge of and passed through the senate what is known as the Initiative and Referendum system of government, under which, when adopted by the people, became the primary law, and the election of United States senators by popular vote.

Mr. Brownell always supported Women's suffrage while in the senate.

Mr. Brownell contends that our high rate of taxation in this state is a great burden to the taxpayers and ment of the state of Oregon, besides keeping capital from coming into the state for the purposes of investment.

He proposes, if elected, to make a fight to abolish tax-eating commissions, office-holders and chair-warmers in and about the state capital and institutions, thereby saving money to the taxpayers.

Mr. Brownell contends, and is undoubtedly right, that hundreds of thousands of dollars every year, running up into the millions, are being squandered by these political chair-warmers and by the legislature itself. He proposes to make a fight against all kinds of extravagances.

The Herald believes Mr. Brownell will do this because, when he was a member of the senate several years ago he had a law passed cutting down the salaries of the court house of Clackamas county, and these officers were his political friends. He did this because in his campaign he promised the people he would do so.

On account of his conceded ability and knowledges of parliamentary law and rules governing legislative bodies, we believe that Geo. C. Brownell can do more good for the taxpayers of Clackamas county and of the state of Oregon than a dozen inexperienced, however good their intention, may be.—Canby Herald.

THE GOOD JUDGMENT IS IN THE MOUTH OF THE MAN WHO IS NOT THE REAL CHEW.

WILL POKE ANY MAN IN THE JAW THAT SAYS W-B IS NOT THE REAL CHEW.
COME OFF—RIGHT-CUT IS THE REAL TOBACCO CHEW. SO POKE YOUR OWN JAW.
WAIT, BOYS! YOU'RE BOTH RIGHT! W-B CUT IS LONG SHRED, BUT RIGHT-CUT IS SHORT SHRED, BUT BOTH ARE THE REAL TOBACCO CHEW. NOW SHAKE HANDS.

YOU want to remember that the same fine stock is used in both W-B CUT and Right-Cut. The difference is that one is long shred and the other is short shred, both seasoned with a bit of salt. You will know real tobacco satisfaction when you cut out the old kind and take up either one of the Real Tobacco Chew twins. A little chew lasts and satisfies.

Made by WEYMAN-BRUTON COMPANY, 50 Union Square, New York City

Fair Opens Auspiciously

Continued from page 1
which are today confronting the farmers of this county.

Mr. Griffith followed with the first official announcement of the company's contemplated plan to open up for early settlement several hundred acres of their land in this vicinity, outlining a proposed plan to place the 40 acre tracts of land into the hands of bonafide settlers on the easiest of terms, with no payment until the expiration of five years and then allowing five years more before final payment, all being based on a sale price which will be materially less than values asked in this section for similar raw land.

In conclusion, the speaker briefly outlined the attitude of his company as a public service corporation, subject to the Public Service Commission, and asked for fair play and honesty from the public.

Pres. H. C. Stephens of the fair board conducted the program and with the other members of the board deserves much credit for this third annual fair.

PENDLETON IS IDEAL LOCATION FOR NORMAL

CITY'S RAILROAD, HEALTH, EDUCATIONAL AND OTHER FACILITIES ADAPT IT FOR SCHOOL SITE.

Pendleton, Ore.—Pendleton's claims for the establishment of a State Normal School are based upon the unusual advantages offered for such an institution. It is ideally located with respect to railroad facilities and in the center of the country which it will serve. Its health conditions are excellent. It has a bountiful supply of clear, cold, pure mountain water.

It offers a library of 12,000 volumes, to which are added 3000 annually, housed in a beautiful new building, erected at a cost of \$40,000. The largest athletic stadium in the Northwest, capable of accommodating 20,000 people; a natatorium, modern and equipped for the use of men and women, built at a cost of \$11,000; ample auditorium room for lyceum courses and lectures and a school system that is without equal in a city of its size. Its facilities and the students necessary for practice teaching have been guaranteed by the city board.

Leroy D. Walker Enters Broader Field

One of the most important business changes in the county occurred last week, when Leroy D. Walker, retired from the presidency of the Bank of Commerce, of Oregon City, to take advantage of a larger opportunity in a larger field.

Mr. Walker was the founder of the Bank of Commerce and leaves with the best wishes of the directors and officials, the institution having prospered in all ways during his administration.

While Mr. Walker's many friends regret his leaving the Bank of Commerce, they congratulate him upon his intention of entering a broader field, recognizing his standing and ability as a banker.

Trout Ponds Closed

The Eagle Creek Trout Feeding Ponds were emptied of fish and closed last week, with Supt. Mc Kinley Reed leaving for Bonnyville, as ordered by the Fish & Game Commission. Before the year is over, it is likely that Mr. Reed will be sent to Alaska to obtain eggs for next seasons hatching.

The last shipment from the ponds, comprised 2,000 eastern brook fry, which were liberated near the headwaters of Eagle Creek, above Rocky Scramble Crossing, the work being handled by George Kitzmiller, of Eagle Creek, Supt. Reed of the ponds and Mr. Lea, who resides in Bissell, near the place of liberation.

On Firing Line.

"Have you ever been on the firing line?"
"Sure! Only last week my boss stood us all in line, and I was the first one he fired."
"And were you ever rewarded for bravery?"
"Oh, ya-as."
"Did you get the iron cross?"
"Nope."
"The Victoria cross?"
"Naw. I got the maltese cross."
"How could you get the maltese cross?"
"I stepped on her tail."—Exchange
