THE GOOD JUDGE FINDS MEN SWITCHING FROM ORDINARY TOBACCO

WHEN a gentleman gets acquainted through and through with W-B CUT Chewing, he finds that the common sense of it helps him across a feature of ordinary tobacco he never did like. The shreds of tobacco give up the tobacco satisfaction *without so much grinding and spitting*—the salt helps bring out the good tobacco taste—and because it's rich tobacco, a small chew lasts and satisfies.

A New Model Typewriter!

The No. 9
OLIVER
The Standard Visible Writer

BUY IT NOW!

Yes, the crowning typewriter triumph is here!

It is just out, and comes years before experts expected it. For makers have striven a life-time to attain this ideal machine. And Oliver has won again, as we scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver '9'. Think of touch so light that the tread of a kitten will run the keys!

CAUTION

The new-day advances that come along on this machine are all controlled by Oliver. Even our previous models—famous in their day—never had the Optional Duplex Shift.

It puts the whole control of 84 letters and characters in the little fingers of the right and left hands. And it lets you write them all with only 28 keys, the least to operate of any standard typewriter made.

Thus writers of all other machines can immediately run the Oliver Number '9' with more speed and greater ease.

WARNING

This brilliant new Oliver comes at the old-time price. It costs no more than lesser makes—now out-of-date when compared with this discovery.

For while the Oliver's splendid new features are costly—we have equalized the added expense to us by simplifying construction.

Resolve right now to see this great achievement before you spend a dollar for any typewriter. If you are using some other make you will want to see how much more this one does.

If you are using an Oliver, it naturally follows that you want the finest model.

17 cents a day! Remember this brand-new Oliver '9' is the greatest value ever given in a typewriter.

It has all our previous special inventions—visible writing, automatic spacer, 6 1-2 ounce touch—plus the Optional Duplex Shift, Selective Color Attachment and all these other new-day features.

Yet we have decided to sell it to everyone everywhere on our famous payment plan—17 cents a day! Now every user can easily afford to have the world's crack visible writer, with the famous PRINTYPE, that writes like print, included FREE if desired.

TODAY—Write for full details and be among the first to know about this marvel of writing machines. See why typists, employers, and individuals everywhere are flocking to the Oliver. Just mail a postal at once. No obligation. It's a pleasure for us to tell you about it.

You can rent an Oliver typewriter—three months for \$4.
