

Paving Completed

At the time of the News going to press, the last section of the Broadway concrete paving in Estacada is being completed.

In all, about two months has elapsed since the beginning of the work, with the street closed up until a few days ago, when a passage way for vehicles was opened up on the two sides.

Gilbert L. Hedges

Democratic Candidate For
2nd Term as

District Attorney

For Clackamas County

VOTERS, I ask your support solely upon my record of accomplishments. I am proud of my record. HERE IT IS:

JOHNSON WOULD BE CAPABLE ASSESSOR

Has Saved County Hundreds of Dollars Draftsman Hire— Record of Long Experience

One of the most capable candidates who has ever sought office in Clackamas County is G. F. Johnson, candidate for the office of County Assessor. It is rare good fortune that puts up to the voters the election of Mr. Johnson. No man in the county, and very few in the state, are so well qualified by ability and long experience for the work they would undertake as is Mr. Johnson, who has been chief deputy assessor for the past eight years. Mr. Johnson has been in tax assessment work for 15 years and in three counties. In Baker county, as chief deputy, he revised the system of assessment and the work of the office in such an admirable way that his plans are still in use there. His experience dates from the time of his father, Burr Johnson, a pioneer Oregonian, was assessor of Umatilla county, and Fred, as he is known to his hundreds of friends was his chief helper. Mr. Johnson is responsible for revising the system in the Clackamas county office, which has saved the taxpayers so much money and eliminated all the former bunglesome work.

Mr. Johnson is a draftsman, in addition to being a competent assessor and office workman, and has saved Clackamas county hundreds of dollars in the past eight years by eliminating the expense of hiring a draftsman, which has been found such a burden to other counties. He has personally platted every tract and piece of land within this county, most of them several times, and he has not accepted one cent above his usual salary for this work. He has made maps of every school and road district and every voting precinct in Clackamas county and he has checked over every item of work in and out of the office and knows every foot of land in the county.

Mr. Johnson has been a close student of tax assessment work for many years and that he is not only capable but familiar with every detail of the work is shown by the fact that he has held responsible positions in Umatilla, Baker and Clackamas counties, and in every case he has saved money for the taxpayer by doing his own drafting and by so revising the systems of work that expense and mistakes have been eliminated. His record of continuous and capable service in one line of work fits Mr. Johnson, better than any other man, to ask for election. He is conducting a clean and open campaign, standing entirely upon his record

of ability and experience, shown during the years he has so capably served the people of this county.

Anyone who has visited the assessor's office within the past eight years will testify to the character of Mr. Johnson's work and to his ability to take up the assessorship in such a capable manner as to continue the businesslike administration of the affairs of the office. Voters may be assured that their money will be spent for the greatest possible service if Mr. Johnson is elected.

Eagle Creek Notes Contributed

Some of the farmers of this vicinity have their potatoes dug and sold. Others still have the job of digging them. It is almost too dry to dig potatoes.

Eagle Creek Grange met Saturday with about 22 members present. Owing to the small attendance, only a short meeting was held. All members are requested to be present at our next meeting. A prize is to be given to the Grange having the best attendance during the coming six months. So, Eagle Creek patrons, come and help to win the prize.
