The local business men, after a summer and fall noted for its slackness in collections, are in hopes that from now on this important department of their business will pick up.

With the majority of the farmers' crops now ready for sale, and with high prices prevailing, money should soon be in circulation in sufficient quantities to ease the present condition.

Estacada is not contemplating any "Pay Up Week" but all people are urged to help by paying their bills as soon as possible, as every dollar paid, usually settles many other accounts before it finally goes to rest in some fortunate person's bank account.

Mr., Mrs. or Miss Voter—the with the national, state and county election coming on in about ten days, are you in a position to cast an intelligent ballot, not only for the candidates but on all the important measures?

The right to vote nowadays is a serious privilege and more harm can be done by a voter going to the polls, without having seriously studied the issues at stake, than by not voting at all.

There are two sides to every measure and if you would intelligently study same, write to the Secretary of State and ask for a copy of the voters' pamphlet, which contains both the affirmative and negative arguments on all questions.

Being lost on the road, will soon be a thing of the past in Clackamas County, as the newly ordered sign-boards and road-markers, being made up under the direction of the county court, will soon be delivered and in place.

A laughable incident occurred in Estacada one dark night a few weeks ago, which a road-marker might have eliminated. At about 2 A. M. a commotion was heard down on the Terrace Addition flat and with the cannery building flooded by the headlights of an auto, a male voice was heard to say "I would like to know how in blankety-blank, you ever get out of this blankety-blank town?"

Another instance was a motor party found in Garfield, who were looking for the Currinsville road, having passed the Estacada school and taken the second instead of the first turn to the left.

With the auto tourist these days covering all highways, the road-marker is an absolute necessity and a good advertisement for a community.

Believing that on some subjects the less said the better, the News has refrained from taking up much space descriptive of the

building of the Estacada's Broadway concrete pavement.

The only element on the job which has been entirely satisfactory is the weather, which has been ideal for the handling of concrete work, and if this weather will only keep on breaking all records with its 49 days without rain, the pavement may yet be completed, providing the contractor does not run out of further materials, and no strikes or other causes beyond control appear.

If the good weather continues and the pavement is finally completed, the Estacada business men hope to stage a celebration some evening, which will prove a treat and a gala time to all.

### Farmers Profiting By Spud Prices

With the price of potatoes steadily soaring from 90c two weeks ago to over \$1.20 the first of this week, the farmers, who all have a goodly crop this year, are looking ahead to making money.

In as much as competition is the life of trade, spirited buying has been going on locally, with buyer Givens controlling a fair share of the sales, as against Portland and non-resident buyers.

Miss Edith Bauhaus of Portland spent a few days last week at the home of her sister, Mrs. Henry Schmidt of George.

C. W. Wanzer of Portland was a Sunday visitor at the Botkin home in Garfield.

### Notice for Levy of Additional Road Tax

Notice is hereby given that we, the undersigned Tax Payers, consisting of ten per cent of the Tax Payers in Road District No. 9, Clackamas County, Oregon, hereby give notice to the Tax Payers of said Road District No. 9, that there will be a meeting of the Tax Payers of said District in the Club House at George, Oregon, Clackamas County, on the 6th day of November, 1916, at 8 o'clock P. M., to vote an additional tax in said District for road purposes, as provided by an act of the legislature of 1913.

THAT youth and energy are great assets none will deny. They help a lot in the battle of life. Frequently, however, men who possess both youth and energy suddenly discover that they need a little capital. A business opportunity finds them without any cash.

Young men, don't be caught this way. The successful business men of the country freely declare that they owe their success mainly to the fact that they opened a bank account early in life. Then when the chance for an investment came along they were ready for it. Youth and energy make a fine combination. But youth, energy and capital are invincible.

YOUNG MEN, BE INVINCIBLE. START A BANK ACCOUNT WITH US TODAY.
