

We are not going out of business

just because the election didn't go entirely to suit us but with heartiest congratulations to all winning candidates we are planning on not only remaining in business but increasing the business daily and before the next Presidential election comes we believe that we will see the most prosperous times we have ever seen.

We would much prefer to be classed with the Optimists than the Pessimists, so here is to real prosperity and don't you believe all that Castor Oil story.

Our stock of Grocers is now complete and thanks to our many friends our fondest expectations are being realized and if right prices, coupled with right quality and courteous treatment will win, we will be winners. Come in and let us figure on that Grocery order of yours for your winter supply and we will guarantee to save you money, besides the 2% cash discount which we give on all cash purchases.

We filled one Grocery order yesterday for \$54 and our customer said we saved him more than a day's wages. Its worth saving, and we can save you a proportionate amount on a smaller order.

Remember we are the original market for your farm produce, including, potatoes, onions, chickens, eggs, live stock, etc. Isn't it right that you should trade where you can sell your farm products? We think so!

Temporarily we are blocked on potatoes on account of the railroad company being unable to furnish cars, but we think that in a few days this condition will be relieved and we will buy SPUDS all winter, and you loose nothing, if in the mean time you need anything in our line and haven't the money but have the spuds. Come in and make your wants known.

We believe, a satisfied customer is the best advertisement.

Parent-Teacher Association Notes

The November meeting of the Parent Teacher Ass'n was held last Thursday evening in the High School assembly room. Owing to the serious illness of Dr. Welis' father, the program for the evening could not be given, as Dr. Welis was to give an address on "Dental Hygiene," however, half of the time for the December meeting is to be given up to this program and we are looking forward to a twofold treat at that time.

The Parent-Teacher Ass'n is very grateful to the Benefit Committee for the highly commendable manner in which it carried out the "Halloween Fete" and extends to it a vote of thanks for its very efficient service. This Fete (or Carnival) netted to the Association the sum of \$33.80 and considerable time was consumed in our last meeting in discussing the various ways suggested for its expenditure. It was voted to use \$10 in the purchase of pictures for the different rooms of the grammar grades, the teachers of these grades forming a committee on selection and purchase.

Another committee was named to investigate certain other projects before the balance of the money is invested.

The following enjoyable program concluded a very pleasant evening:

S. P. Waterbury of Estacada, who returned last week from a few weeks visit at the home of his daughter, Mrs. Dan Gust at Scappoose, is leaving soon for Hood River, where he will spend the winter with his daughter, Mrs. H. Chevron, formerly of Estacada.

Now is the Time

For years past, the dairymen of this community have talked of establishing a creamery, cheese factory or condensery in this vicinity and now is the opportune time to get busy.

The merchants report today that canned milk is a scarce article, with the output of the leading condensers sold out for a year or two in advance and with prices rapidly climbing.

The News will be glad to call a meeting to consider such a project at any time that a few dairymen are willing to go forward with the agitation.
