ESTACADA      :-      OREGON.

**Grammar Pupils Please Crowd**

The annual entertainment, given by the pupils of the grades of the Estacada School, last Friday evening at the Boner Theatre, brought out a goodly sized crowd of adoring parents, friends and neighbors of the participants, comprising the majority of Estacada's populace.

Much credit is due the patient teachers for the success of the affair, as every number on the program, all of which were participated in by a group of the children, was well staged and acted without a hitch.

Less evidence of stage fright was apparent among the youngsters, than often appears when the parents are called upon to face an audience and for clever acts, songs, dances, calisthenics and imitations, the program was one of the best ever held locally.

Every performer was well drilled in his or her part, from the Rainbow Dance of the primary tots, to the pantomines of the upper grades, with laughs galore furnished by the fake circus, Chinese Hop and other features.

J. W. Dowty of Alspaugh last week purchased a Ford touring car through the agency of the Estacada Garage. The same agency also report the sale of a Ford touring car to Harold Wooster of Estacada, the larger car replacing the run-about, which has been used in the delivery of mail on Rural Route No. 3.

Broadway -- Estacada

**Second Street Planked**

Under the direction of Road Supervisor, J. S. Osborne of Estacada, the work of planking Second Street from Main Street to the foot of the hill, was completed last week.

This work has been well done, with wide connecting approaches built at the intersecting streets and alleys and as the material used was taken from the former Broadway pavement, the entire job will not have cost the city to exceed \$100.

**Popular Garfield Girl Returns East**

Miss Flora Schultz of Garfield, left Saturday for her former home at Crawfordsville, Indiana, where she contemplates remaining indefinitely.

Miss Schultz, who since the departure of her brother Jerome last year, has successfully conducted their Garfield ranch, deserves much credit for her pluck in sticking by the ranch and assuming duties that too often tax a man's capacity.

The best wishes of her many friends are extended Miss Schultz and it is hoped that a longing for Oregon and its climate, will result in her return next spring.

Over ninety Grangers and their friends attended the Thanksgiving meeting of the Garfield Grange, held last Saturday. A fine dinner and entertaining program was enjoyed by all.
