It is reported that in the vicinity of Molalla, quite an industry is being built up, in the cutting of ship-knees for use in the Willamette and Columbia River ship yards.

As this community has plenty of bent and gnarled fir roots, from which the ship-knees are manufactured, it might be wise for some of the local men to investigate this industry.

Estacada is still running in good luck, for despite several falls and tumbles taken by local people, over defective sidewalk planks last week not a leg was broken.

With the appointment this week of Charles E. Burns of Oregon City, as assistant warden of the state penitentiary and the appointment a few weeks ago of Editor Brodie as a member of the Prison Board, it looks as though our county seat citizens are either being especially honored or for some reason are especially qualified for enforcing punishment.

That it pays to advertise and that it also pays to issue a first-class, live, home newspaper, was proven true this week, when the Walter Givens Company of Estacada, after a year of heavy advertising has decided to double its advertising space for the coming season.

In going over the list of subscribers to the News, Mr. Givens discovered that there are a few families in Eastern Clackamas County, which do not take the home-newspaper—(but we are proud to say, only a few.)

From primarily a selfish motive, in order to give more publicity to their advertising, also to aid the home newspaper and incidentally to have more people profit by reading the home-paper, the Givens Company has arranged to pay for a three months subscription to the Eastern Clackamas News to be given to any family in this community, which is not now a subscriber.

This will mean an addition of about ninety more names added to our subscription lists, giving the News a perfect circulation in its field and being read by close to 3,000 people each week.

If you or any of your friends are not now getting the News, here is an opportunity to get a three months free subscription, by notifying either the News or the Givens office.

Christmas Entertainment at Church

For the past few weeks, the attendance at the Christian Church Sunday School has increased at an alarming rate and it is possible this increase is due to the splendid Christmas Entertainment that is being planned for Sunday evening, Christmas Eve, taking the place of the regular service.

A Christmas tree, with candies for all and an attractive program have been arranged, to which all are invited.

The Bank Is Safer Than the Stove.

SCARCELY a week goes by that the newspapers don't print a story of some foolish housewife who thoughtlessly started a fire in the stove where she had stored away the savings of a lifetime. Money placed in a stove or in a teapot or under a carpet does not draw interest. It is not safe from thieves. It is not safe from fire. Money deposited in a bank draws interest. The steel vaults in our bank are impervious to fire and thieves. Bank your money with us.

A runaway, in which little damage was done, occurred Wednesday morning, when the Fred Jorg team of Estacada, being driven by a neighbor, to whom he had loaned it, became unmanageable and finally came to a stop near Currinsville.

In the appeal case of Rhodes vs. Mendl, which came up for trial in the circuit court Monday, a judgement in favor of the defendant was rendered for \$12.

W. W. Dillon of Garfield, who is now stationed on the Mexican Border, in the interests of the Y. M. C. A. work among the troops, remembered a number of his local friends last week with Thanksgiving greetings the cards being sent from Douglass, Arizona.

Miss Molly Ahnert, daughter of Mr. and Mrs. Frank Ahnert of George, who is teaching in Washington, spent the Thanksgiving holidays at the parental home.
