A Happy and A Prosperous New Year

In facing 1917—we are starting the New Year, with our first Mile Stone passed—namely the attainment of a record of **\$100,000.00** in Deposits.

This volume of business, represents the faith and trust in our banking methods of over **600 Depositors** and we wish to assure our patrons that our aim for the coming year is to give even better service as bankers to our friends and patrons.

While the attainment of this high mark in deposits is more than pleasing to us, our greatest satisfaction is derived from the knowledge that our business and banking methods have won the confidence and trust of the people of this community, and we hope our future relations as banker and patron, may continue along those lines, which in the past have proven a pleasure and profit to us both.
