### The Editor's Gossip

That new express body on our Delivery Machine is the work of our neighbors, Sam Barr and father.

On Wednesday, the 10th, we plan to ship a carload of livestock and if you have any hogs for sale let us know, so we can call and see them.

On the 17th we expect to ship cattle and hogs, so make your reservations now if you want "Bossy" to take a nice ride on the choo-choo cars.

There is certainly going to be some excitement tomorrow night at the Farmers' and Merchants' Club meeting and you wont get the real inside dope unless you attend.

The Most Important Matter that has reached this neck-of-the-woods in years, turned up Tuesday and it will be presented, discussed and cussed at this meeting. It means money in your pocket book, so you be among those present.

The last time we shipped hogs, Walt rushed into the store to use the phone. His derby hat, covered with mud from the stockyards, he gallantly tipped to a lady customer and apologized for smelling like a hog pen.

She smiled and replied sweetly "I did not notice anything out of the ordinary, Mr. Givens."

We overheard Fred, (he's our miller), telling our electrician other day, that he was always down stairs when he started up. (We presume he meant, when he started up the motor.)
