Why have a leaky hot water bag?

The Sahara Thermor metal waterless hot bottle stays hot for twelve hours. Let us show you this wonderful invention, based on the same principle as the thermos bottle, only containing no water. You should have one in your home.

PORTLAND, - OREGON

Mrs. Clema Richards of Stanfield, Oregon visited at the home of her parents, Mr. and Mrs. F. J. Harkenrider of Estacada this week, returning home Tuesday.

George Kitching of Currinsville was thrown from a horse and badly trampled by the fractious animal. George is still on the damaged list, but expects to be about in a few days.

Elmer Davis at first refused to go to Calton last Saturday to buy a pedigreed Jersey calf, for fear some one Garfield voter might be overlooked by the division petitioners.

For a time Lou Baker, the popular Eagle Creek blacksmith felt kind of lonesome with his Cascade County petition, but after the Friday meeting in Estacada, he found he was among friends again with B. F. and the rest of the crowd all plugging for a "county of our own."

James F. Gibson, the beloved patriarch of Barton, who is now in his 91st year, has been confined to his bed of late, but last reports indicate an improvement, with the old gentleman able to sit up in his easy chair, where he visits with sons, all of whom are devotedly aiming to make his declining years as pleasant as possible.

ELECTING A PRESIDENT.

Power of Congress to Deal With Electoral College Returns.

The electoral commission established the precedent that congress should not seek to go behind certificates regularly submitted by recognized state governments. That principle is also embodied in the Edmunds law of 1887, which defined and enlarged the power of congress to deal with electoral college returns.

This act directs that if any state shall have provided by law before the selection of electors for the final determination of contests regarding their appointment the state's decision shall be final unless the regularity of the state's action is questioned by both houses of congress.

If two or more returns are received these rules govern:

First.—If the state shall have determined that the votes forwarded in one of the returns were given regularly those votes shall be counted.

Second.—If two authorities, each claiming regularity, shall both have determined that the different sets of voters were regularly cast then congress must decide which set shall be accepted.

Third.—If the state shall have made no determination then congress shall be free to determine. But if the houses cannot agree the votes of those electors whose appointment is certified by the governor shall be counted.

The general purport of the act is to recognize the right of congress to decide all disputed questions in regard to the counting of electoral votes which the state has not decided or has decided irregularly.—New York Tribune.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy. It is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

MEM OF STANDING TELL THEIR FRIENDS ABOUT THE BEST TOBACCO

I'VE TRIED ALL OF 'EM. A LITTLE CHEW OF W-B CUT SATISFIES AND LASTS, WITH LESS GRINDING AND LESS SPITTING.

THAT'S EXACTLY THE KIND OF TOBACCO I'M WANTING

ME TOO—I'M TIRED OF ORDINARY TOBACCO

W-B IS RICH TOBACCO. IF YOU TAKE A LARGE CHEW OR GRIND ON IT, YOU MAY THINK ITS TOO STRONG

WHEN you gentlemen get together at your lodge meetings, somebody is pretty sure to start the little pouch of W-B CUT up the line for his brothers. It's conducive to brotherly feeling. There is gratitude for the rich tobacco that makes a little nibble go so far and for the touch of salt that brings out the tobacco satisfaction without so much jaw work.

Ford

THE UNIVERSAL CAR

The new Ford cars are up-to-the-minute in appearance, with large radiator and enclosed fan, hood with full streamline effect, crown fenders front and rear, black finish with nickel trimmings—a snappy looking car—and with all the dependable, enduring and economical qualities that have made the Ford "The Universal Car". One fact is worth more than a ton of guesses. Ford cars are selling from five to ten over any and all other cars, simply because they give more satisfactory service, last longer and are easier to operate and cost less to maintain—and there's no guessing about the reliability of Ford Service.
