While the latest development in the

## Cascade County Movement

is of vital interest to all of us

### Potatoes

have reached \$2.00 per cwt.

We are buying at that price good white potatoes, from three inches up, free from not more than two knots, cuts and bruises. Prices subject to change without notice.

### Live Stock

We ship another carload Wednesday, January 31st, and will be glad to have you advise us, if you have either hogs or cattle which you contemplate disposing of at that time.

### Poultry and Eggs

We are not "crowing" over the fact, but we are making goodly shipments of poultry and eggs every day and can handle even larger amounts of both.

Remember our 2% Cash Discount tickets are redeemable at any time.

We now have a good supply of—

Alfalfa Hay, Shady Brook and Berkshire Hog Feed on hand

BEET PULP is still \$27.00 per ton

We believe that a satisfied customer is the best advertisement.
