An ice cream social and entertainment will be held at the school house on Friday evening, February 23rd, with an admission of 10c charged, to which all are invited.

Charles Landers, who for the past six weeks has been taking treatments in Portland, is reported to be fast recovering and his neighbors hope for his early return home.

It is reported that options are being taken on several tracts of timber in this vicinity, probably being the outcome of the recent purchase of the John Ficken tract by Horner Bros.

Frank Cummin is reported to have negotiated a trade for property which he owned in Montana, for improved property in the vicinity of Gladstone.

Tommy and Clarence Jubb and Roy Mattoon last week purchased saw mill interests near Redlands, which they will operate.

### Buy Your Ticket Now

Neat printed tickets are already on sale for the big Cascade County Dance, to be given at the Estacada Pavilion on Saturday evening, March 3rd.

All people are asked to hold this evening open and come prepared to enjoy a good time and incidentally make a contribution towards the Cascade fund.

Parties not dancing are also buying the tickets in order to help in the good cause.

Tickets are on sale at the majority of the Estacada stores and can be had from the following district representatives:— N. S. Laurry, Phil Adams and Theo Ahlberg of Estacada; Chris Johnson and Henry Schmidt of George; Harold Horner and Sylvester Lawrence of Springwater; R. H. Currin and E. E. Saling of Currinsville; Herman Davis and Tom Carter of Upper Garfield; Carl Douglass and Fred Bates of Upper Eagle Creek and Lower Garfield; Will Still and George Smith of Eagle Creek; Frank Ewing and Ollie Gerber of Viola.

### Dover Doings

(Contributed)

Walter Kitzmiller made a trip to Portland last week where he disposed of a supply of veal and pork and on returning to his twenty acre tract at Gresham, sold his potatoes for \$3. per cwt.

Mrs. H. H. Udell is reported to be improving rapidly after her recent illness.

John Affolter is the latest claimant for a bounty, having trapped a coyote near his place last Saturday.

### For Peach Leaf Curl

#### Give Early Spraying

Oregon peach growers should complete spraying for peach leaf curl before the end of February, says H. P. Barass, plant pathologist of the O. A. C. Experiment Station.

"To delay the spraying till the buds are coming out may result in failure," said he. "Failure is due as a general thing to applying the spray too late or without the necessary thoroughness. All the buds must be covered completely, and the tips of every twig reached in order to get perfect control. Look over the trees as the spray dries and see whether you are succeeding in this as well as you supposed."

The best material is Bordeaux mixture 6 6-50, but limesulfur 1-8 is good, and besides will keep down San Jose scale.

Growers are invited to write to the college for spraymaking directions.

### Notice To Rural Route Patrons

Between this date and the 1st of March, Rural Mail Carriers will place in the Mail box of each patron on their respective routes, a card or slip of paper for the purpose of obtaining the names of every person above the age of ten years.

The Postmaster is making a directory of each route, and kindly asks of each patron to fill out the card, and place it back in the box. It makes no difference whether you are getting your mail regularly or not, or whether you have made out similar cards before.

We have received mail at the office in the last two months which has been returned to the writer, and we now know the people to whom this mail was addressed are on the rural route. If you have visitors let the Carrier know about it.

The Postmaster and Carriers can make enough mistakes without any help. Neither are supernatural. We are just like the rest of the Lord's people.

### Announcement

A New Cereal Mill.  
A New Cereal Beverage.  
A New Cereal Breakfast-food.  
Mill Built and Operated by a man of long experience as manufacturer of flour and cereals.
