such a report as the experts presented amounted to nothing, in as much as it was not based on the actual moneys paid in but rather on the taxes levied.

No claim was made that the figures were based only on the taxes collected, but the discrepancies noted amount to much more than the delinquent O. & C. Land Grant taxes. And furthermore, the figures presented covered a term of seven years, while the O. & C. Land Grant taxes have only been delinquent a matter of three years.

The object of the expert statistics was not to imply that tax moneys had not been honestly handled, but were for the purpose of illustrating the wastefulness that is caused in attempting to operate a big county, from a distant county seat of government and the natural tendency that exists to favor that part of the county immediately adjacent to the county seat.

We are sorry that Judge Anderson takes the responsibility for all of the wastefulness of the past county officials and that he takes it as a personal matter, when in reality it is a detail pertaining to past conditions and the system of expending the tax moneys and not a matter of personalities.

It would be as sensible for the Judge to feel that he is to blame for the building of the \$2200 Eagle Creek Falls bridge in 1908, for which the contractors received about \$340, as to feel that he personally should champion the actions of former county officials.

Dillon Returns From Border

W. W. Dillon of Lower Garfield, who six months ago left for the Mexican border, where he was in charge of the Y. M. C. A. work, returned to his home last Thursday.

Mr. Dillon, prior to his coming to Garfield was associated with the Y. M. C. A. and when the mobilization began on the border, was called to take charge of the Y. M. C. A. camps at Douglass, Arizona, where he remained until the troops were sent home.

While Mr. Dillon enjoyed his work among the soldiers, he was overly glad to get home and into the harness again on his Garfield farm.

THE GOOD JUDGE FINDS THE OFFICERS KNOW QUALITY TOBACCO

YOU notice a fine regard for appearance among the officers from Roundsmen to Captain—that's one reason they are so keen for W-B CUT Chewing. The pass-word among these gentlemanly fellows is "If you won't take a little chew don't take any." No need to disfigure the face, when a nibble of rich tobacco gives more satisfaction than a wad of ordinary stuff—also less grinding and spitting. Take a tip from the officer on W-B.
