

These are good times

in which we are living

The opportunity to see, to know, and to do, was never greater. The opportunity for men to make the most of themselves, if they have it in them, was never so great as now.

However in these modern times before one can take full advantage of the opportunities presented for growth, for achievements, one needs the help and backing of a bank account.

Come in and let us explain to you how easy it is to start an account at the

Bartholomew Fined \$10.

Fred Bartholomew made a little auto trip to Portland Sunday, taking one of the machines belonging to the Walter Givens Company.

Come to find out, someone had taken the two license tags off that particular machine a day or two previous, but Fred didn't know it, until a big, nasty policeman politely informed him.

Fred claims he put up such a good line of talk to the Police Judge, before whom he appeared, that he saved at least \$15. for the kindly judge only soaked him \$10., so Fred wrote out a check.

Eschleman To Make Pop In Montana

Dave Eschleman, Estacada's popular barber, is leaving about April 10th for East Scobey, Montana, where he will go into business in the manufacture of pop.

Associated with Dave will be Al Lindsey of East Scobey, who, while visiting in Estacada recently, persuaded Dave to go into partnership with him in the purchase of the pop manufacturing plant, formerly operated in Estacada by R. G. Marchbank.

Until the business is in operation and Dave is permanently located, Mrs. Eschleman and son David, Jr. will remain in Estacada.

Harry Snyder

Returning To Oregon

Harry Snyder, formerly of Estacada and Cazadero, who last Spring returned to Mechanicsburg, Pa. to go into business there, in a letter to the News received this week, writes that he and Mrs. Snyder expect to leave for Oregon, April 9th.

Mr. Snyder owns a farm in the Dodge section and will probably locate there.

Estacada Pupils Among County Contest Winners

Competition being so keen in the Clackamas County Story and Essay Contests, the Estacada School feels justly proud in announcing that Helen Wooster of the seventh grade, who wrote a description of the Clackamas River, won the second prize in the essay contest; and Thelma Eschleman of the eighth grade won third prize in the original short story contest.
