The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THERE is something mighty democratic about rich, sappy tobacco. Now that men have W-B CUT Chewing, a good tobacco, to lend each other, it cements friendship. Common-sense about tobacco is getting mighty general now—no one wants the over-sweetened kind when he can get rich tobacco shredded and lightly salted to bring out the good tobacco taste.
