

## IT HAS BEEN SAID

that with all our greatness as a nation,  
**We are a wasteful, extravagant people**

- ¶ That we do not take advantage of our opportunities as we should, or as we would if we lived in a different country where there are so many of them.
- ¶ This is not altogether true of our community, altho there are people even in our community who could get ahead faster, increase their accumulations by using a systematic plan for laying by a part of their income.
- ¶ If you have not investigated our Bank Account Plan for accumulating small sums into a large one. Come in and let us explain it to you.

### Beckwith Leaving Estacada

It is with regret that announcement is made of the early departure from Estacada of F. E. Beckwith, the popular jeweler.

Mr. Beckwith, who came to Estacada from Sandy a year or so ago, had built up a good business here, but having lately received an offer elsewhere, with a guaranteed income, is forsaking Estacada.

Mr. Beckwith has been a valuable member of the local business men's fraternity, has done his full share in all community and civic development and the best wishes of all are extended to him in his new fields.

### Two More Homes Quarantined

The mild epidemic of scarletina which has been current in this section off and on all winter, last week added two more cases, the victims being Edith, the four year old daughter of Mr. and Mrs. A. Demoy, and Peggy, the seven year old daughter of Mr. and Mrs. R. M. Standish of Estacada.

The disease is in a very mild form, but nevertheless very contagious. In neither case is the child very ill, but the real sufferers are the mothers, who are forced to remain in quarantine for a few weeks, acting as nurses to the youngsters, who are just sick enough to be cross and irritable.

### Can't Fill Orders For Fords

J. W. Reed of the Estacada Garage reports now having on hand orders for nine Ford cars and to date is unable to fill any one of the orders, as owing to the freight car shortage the supply of Fords in Portland is limited.

He expects within a short time though, to fill all present orders and last week delivered a new touring car to C. C. Miller of Estacada, who not only will use the car for pleasure, but will be able to greatly increase his field of work.

M. E. Park, who up to ten days ago was a partner in the Estacada Garage, sold his interests and is contemplating a location at Sandy, with the local garage now owned and operated by Messrs. Reed and Melton.

### Honebon Foreclosing Spackman Mortgage

In the circuit court in Oregon City, a suit was instituted last Friday to foreclose a \$2,000 mortgage against real estate owned by Mr. and Mrs. C. A. Spackman, formerly of Garfield, but now of Portland, the former owner John Honebon bringing the suit.

The property involved is the old Honebon ranch, one of the largest in the Upper Garfield section and in which Walter Givens of Estacada holds an equity.

A. G. Ames and Ben S. Patton of Estacada, left Saturday for an indefinite stay in the mountains, making headquarters at the Oak Grove Ranger Station, where Ames will continue his hunting and trapping, while Patton will make trips from there into the upper country, obtaining data relative to the band of elk which is wintering in the Big Bottoms country.
