

## IT HAS BEEN SAID

that with all our greatness as a nation,

### We are a wasteful, extravagant people

- ¶ That we do not take advantage of our opportunities as we should, or as we would if we lived in a different country where there are so many of them.
- ¶ This is not altogether true of our community, altho there are people even in our community who could get ahead faster, increase their accumulations by using a systematic plan for laying by a part of their income.
- ¶ If you have not investigated our Bank Account Plan for accumulating small sums into a large one. Come in and let us explain it to you.

## CLEAN-UP-DAY MAY 1ST

### Soldiers Promise Aid In Work

Tuesday, May 1st, has been suggested as the date for Estacada's annual Clean-Up-Day, with the usual holiday and general cooperation of all residents in the work.

The need of the annual clean-up in Estacada is more than apparent this year and with weather permitting the most thorough job ever done, should result from this year's efforts.

Capt. Hulse of Company D., Third Oregon Infantry, now stationed with part of his men at Estacada, has promised to aid in the work, unless some unforeseen obstacles should prevent.

Capt. Hulse says that Company D. has had ample experience in town-cleaning, having last year thoroughly cleaned and made sanitary. Palm City, California, where the company was stationed during the border encampment.

Capt. Hulse and his men seem eager to aid the local residents in the work and as sanitary clean-ups are a part of the army duties, Estacada will be fortunate in obtaining the cooperation of the soldiers, with its resulting military, sanitary cleaning.

As usual, it is planned to serve a big dinner at noon, with the women of the town being asked to aid, as they have so willingly in the past.
