Snyders Return To Oregon

Mr. and Mrs. Harry Snyder, formerly of Cazadero, but who for the past six months have been residing in Pennsylvania, returned to Estacada last week and left immediately for their ranch in Upper Dodge.

While from a business standpoint, Mr. Snyder admits that the East has everything to offer, both he and Mrs. Snyder could not longer resist the call of Oregon and were glad to get back to the land of mountains, rushing streams and towering firs—and are welcomed back by their many friends here.

County To Be Without Warden

Despite promises made before the legislature adjourned and even since, by the State Fish & Game Commission, to reappoint on May 1st, Ben S. Patton of Estacada, as County Game Warden—we are now advised that no such appointment will be made.

The reason assigned being lack of funds. Yet, when we consider that Clackamas County has an income of about \$4,000. per year from the sale of fishing and hunting licenses alone, said income being second only to Multnomah County—and as the cost of such a warden does not exceed \$1500. per year—this false economy is not fair.

When allowance is made for the dozen or more deputy game wardens each season stationed along the Willamette near Oregon City, in enforcing the salmon fishing there—a County Warden is necessary in the balance of the county, for Clackamas has probably as many miles of fishing streams as any in the Northwest and is the mecca of more anglers undoubtedly than any two counties in the state.
