TORTURE IN TRIALS.

This Barbarous System Was Used in Europe For Centuries.

The use of torture in order to elicit information from persons accused of crime, barbarous as it is, was little practiced before mediæval times. Under Greek and Roman law torture was only allowed upon slaves, though in the latter days of the empire it was employed against free citizens if they had been accused of treason to the emperor.

It seems to have become part of the law in Europe about the thirteenth century. From the fourteenth century downward torture was a part of the legal system of most European countries. The Italian municipalities used it to a very large extent. In Germany elaborate apparatus existed for its infliction in the dungeons of the feudal castles and in the town halls of the cities.

It was used in the prisons of Germany when the philanthropist Howard visited them in 1770. In France it was part of the law until abolished by the revolution, and in Scotland it was used until the reign of Queen Anne. The use of torture seems never to have been wholly sanctioned by the law of England, although it was used frequently by order of the king in the Tudor period. The royal council claimed the power of directing torture warrants against state prisoners in the tower, and under James I. and Charles I. torture was resorted to in state trials.—Chicago Herald.

AN OVERWORKED WORD.

This Writer Suggests That "Very" Be Given a Long Rest.

There is a word that once possessed a vigor and a power that is altogether lost. "Verily, verily"—"in truth, in truth." Now it is "very," and, though it still means "in truth," it has become so weakened by usage that it conveys no force whatever.

You meet men on the street and say, "It is a very fine day." What do you mean? Probably you mean, "How do you do?" What you have said is simply a salutation. But if you should say to me, "It is a fine day," you probably mean it is a fine day. That little word "very" has been so weakened, so frayed at the edges, that it harms rather than helps its companions.

So, gentle reader, I would say to you if I had arbitrary power over your speech, "This week I will allow you only two 'veries,'" and, though for a time such restraint may make you self-conscious, yet it will force you to grope about for misty treasures in the storehouse of your memory and furbish up old adjectives and adverbs, even drive you now and again to a careful appraisal of your best slang, and when this temporary self-consciousness shall pass not only your vigor of speech, but your exactitude and clarity of thought will be the better for it. That is a gain that will be worth all the sacrifice.—Burgess Johnson in Century.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

THE GOOD JUDGE FINDS W-B TOBACCO POPULAR AT THE POST EXCHANGE.

COLONEL, I HEARD YOU SPEAK OF WANTING SOME W-B CUT TOBACCO. SO I'VE BEEN SCOUTING AND HERE IT IS!

SERGEANT, YOUR LOYALTY IS APPRECIATED. I SHALL RECOMMEND YOUR PROMOTION.

YOUR soldier is all business, from reveille to taps—no room for excess baggage with him. He has no use for a big plug of coarse leaf, all loaded up with heavy syrup—what he wants is tobacco satisfaction. The little sappy chew of W-B CUT checks up with his idea of what's good. Out on a lonely outpost, it's mighty sociable and satisfying; and my, how it does last!
