### Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists 75c.

THE GOOD JUDGE TELLS WHICH IS BETTER, AND WHY IT IS

JUDGE, HE PAID 10 CENTS FOR HIS TOBACCO. I PAID 10 CENTS FOR MINE. WHICH DO YOU IMAGINE IS BETTER?

YOURS, OF COURSE! W-B CUT TOBACCO COMES IN SMALL PACKAGES, WHILE CHEAP ORDINARY TOBACCO COMES IN BIG BAGS.

A good many people are looking into what makes men change over to W-B CUT and stick to it so. Tobacco is tobacco, but all chewing, isn't all tobacco. You don't have gummy excess sweetening to chew out of W-B CUT, before you get down to satisfaction. The shreds are tobacco, through and through—and the richest, suppiest tobacco that grows. You notice the difference at once—W-B CUT goes twice as far as ordinary plug.
