"Your Satisfaction is Our Success"

East Clackamas Supply Co.
Estacada, Oregon.

The George Social & Commercial Club held its regular meeting Saturday evening; among the visitors present being Mr. and Mrs. R. M. Townsend of Portland and Mr. and Mrs. Frank Ewing of Viola. Mr. Ewing gave an interesting talk on the Estacada Cheesery and Mrs. Ewing spoke on the subject of the Red Cross and its work. Following a short program, the evening was given over to dancing and a social time, with the lunch served by Mesdames Sweirman and Ruhl.

Miss Mary Malzininni of River Mill is claiming the record as a poultry raiser, having lately hatched 100 Plymouth Rock chicks from four setting of eggs, each mother hen having done her duty to 25 eggs.

Estacada Park was last Sunday the scene of the first big picnic of the season, when between one and two thousand members of the Jewish societies of Portland held their annual outing.

Dover Doings

(Contributed)

Rev. Miner filled his regular appointment here Sunday, later going to the Douglass School, where he has taken on an added field of work.

The Dover M. E. Sunday School answered the call of the President on Patriotic Day, by making a special contribution to the Red Cross fund and the Epworth League that evening held a patriotic meeting.

Dr. D. A. Waters of Portland spent Sunday in Dover and attended the church services.

Charles Updegrave had a runaway last Sunday, his horse having become frightened and running away for a quarter of a mile, resulting in the upset of the buggy and the tearing off of the seat, but as no one was in the rig, no great harm was done.

R. C. Frace has gone to Gresham, where he will work in the hayfields.

Wm. Delap, of Estacada and Portland, is now in a Portland hospital, where he has been for two weeks past, having been the victim of an accident about the middle of June, when his thigh was badly crushed between the hubs of two loaded lumber wagons. As the accident occurred during the routine of his work, he is being cared for by his employer, but will likely be on the sick list for some weeks to come.

Bert H. Chapman, wife and daughter of Estacada returned from a two weeks auto trip Monday having visited Hood River, Goldendale, Lyle, White Salmon and other points.

Soldiers Forced To Abandon Celebration

It was a great disappointment to many people in this community and especially to the soldiers of Company D, stationed at Cazadero, when on Monday the soldiers received instructions to be in Portland on July 4th, to take part in the military parade and celebration there.

The soldiers had already perfected plans for a big military tournament in Estacada for the Fourth, with a baseball game and dance scheduled, but this contemplated celebration had to be given up.

But the soldiers' loss was a gain to others and accordingly a larger crowd was in attendance at the Garfield Country Club and George C ub celebrations and at the Eagle Creek dance.

Garage Sells Over Two Carloads

Within the last two weeks, the Cascade Garage has sold over two carloads of Dodge and Chevrolet cars. Four of these cars were delivered yesterday, while the rest were delivered the week previous. This is a record sale for cars in this district for the total valuation of this shipment amounts to over \$10,000.00.

As all makes of motor cars will be advanced by August 1st, the buyers this month have saved materially. Immediate delivery of cars is possible because arrangements had been made months ago to handle several carloads for this district.

Mrs. H. M. James of Enterprise is a guest at the J. W. Reed home in Estacada this week.
