County Court In Session Today

Continued from front page

bridge, it will end in forcing the taxpayers of the entire county to aid in rebuilding that structure.

The promise of the Live Wires cooperation in some day having a "hard-surfaced-scenic" highway built from Baker's Bridge to Estacada via Logan, Viola and Springwater and returning on the other side of the Clackamas, made little impression on the local people, all of whom would be perfectly satisfied if immediate action was taken to build a strictly business artery of travel, of macadam or any other material.

Eastern Clackamas cannot afford scenic highways at this time, but it does need good roads for the carrying on of its trade and traffic.

Cheesery Opens To Capacity

Continued from front page

Opstad expects to be able to handle the manufacturing alone.

The high standard of the cheeses already made must be kept up and every precaution is being taken to maintain it. All milk producers are cautioned, especially during this hot weather, to be careful in the handling of their milk—to cool it well before shipping—not to mix warm and cold milk together—not to place the cover on cans of warm milk and to use every precaution against the milk taking up stable odors or gathering hay dust or other foreign particles.

Estacada Garage Doing Rush Business

The Estacada Garage this week sold and delivered Maxwell cars to Earl Shibley of Springwater, Jos LaCroy of Viola, Peter Ruhl of George and B. O. Boswell of Estacada.

Mgr. Reed refuses to show his list of orders for Ford cars, but it looks like a copy of the county directory and will be published soon.

F. & M. Club Meeting Monday

The next regular dinner-meeting of the Farmers' & Merchants' Club will be held next Monday evening, July 9th, at the Hotel Estacada when several matters of importance will be presented.

Make your dinner reservations at once by phoning L. R. Lasswell or B. S. Patton of Estacada, for all are invited to attend.

Mrs. A. C. Botkin and her daughter, Miss Clair Botkin of Washington, D. C. are expected in Estacada this week, where they contemplate spending the summer at the home of their son and brother, A. W. Botkin of Garfield.

Russel Reed and Phil Adams of Estacada, accompanied by Lewis Halley of Portland left Sunday for the Oak Grove Ranger Station, where they will begin work in the forestry crew, under Ranger Wallace. Lewis Jones of the same crew, came out on Monday, remaining at his home in Estacada over the 4th.

Mrs. Wm. Hanson, daughter Etta and grand-daughter Kathleen Webb of Seattle are visiting at the S. J. Howe home in South Estacada.

Springwater News Items

Contributed.

Mrs. Nelson and son Bobby of Spokane, visited Mrs. R. A. Weld the past week.

The Hard-Time Social which was held at the J. A. Shibley home Saturday night, was a great success. Games were played on the lawn, after which a bountiful supper was served.

Miss Grace Seaquist spent a couple of days at Buxton, Oregon last week.

Ordie Carr left last week for Monument Oregon, where he is employed.

An enjoyable Fourth of July dinner was given by the Shibley family, with about thirty friends, relatives and neighbors in attendance. The dinner was served in the spacious barn, which was decorated with flags, ferns and flowers, with the remainder of the day spent with games, fireworks etc.

Eagle Creek Notes

Contributed

Mr. and Mrs. J. P. Strahl, and son, Leslie, who have been visiting with R. M. Brash and family, returned home the latter part of the week.

Mr. and Mrs. Dick Gibson were the dinner-guests of Mrs. Nora Reid of Estacada on Saturday.

Mr. Miner, of Sandy, preached to a small audience at the school-house Sunday evening.

J. P. Woodle and daughter, Miss Nettie, spent the week-end with Claude and Malcolm Woodle, of Troutdale.

Mrs. R. M. Brash spent the week-end with Portland relatives.

Fred Hoffmeister and son, Ernest, purchased a Chevrolet recently.

Roll Douglass and family, of The Dalles, are visiting with his mother, Mrs. Viola Douglass.

Joy And The Dragon

Another of those extra fine Little Mary Sunshine films is billed to appear at the Estacada Family Theatre next Thursday evening, July 12th, when that charming little tot Baby Marie Osborne will be seen in the third of the series, called Joy and the Dragon.

Baby Marie is a favorite with the picture fans here as she is everywhere and in Joy and the Dragon, Baby Marie is given a wonderful opportunity to show her winning ways and manners, which in this story softens a hardened miner and makes him a changed man.

Henry King directed the picture and himself plays an important part as Hal Lewis and Ruth Lakaye and J. Cullen Landis have important parts too. So dont miss Joy and the Dragon.

The Saturday evening show will be given as usual, with a laugh making comedy, a two part drama, and the illustrated news events.

There is to be a C. I. C. Silver Tea given by Mesdames J. W. Reed and A. K. Morton, at the Reed home, Friday afternoon. Bring your crocheting and there will be a surprise for you.
