#### Garfield Extends Its Crushed Rock Roads

Work is now underway in extending the crushed-rock road from the Wonacott place in Garfield, to the Wulf corner, passing the Garfield Grange Hall. This important stretch of road lies in road districts 10 and 49 and within a short time will be completed with each district having built its share.

Supervisor Davis and workers in District 49 have just completed a handsome stretch of paving, leading from the terminus of the main road near the school, past the Shearer place and rounding the corner towards Log LaBarre.

In this connection, the News would like to give full publicity to the road building in all of the tributary road districts and will greatly appreciate all such information furnished this office.
