Music And Lectures

Attract Local People

If all portions of Clackamas County are as well represented at the Gladstone Chautauqua as this eastern part, it indicates clearly that the home people appreciate the unusual attractions offered.

From twenty to one hundred residents of Estacada and nearby sections have been in attendance at the Chautauqua each day, with many of them making their tent homes on the grounds. The evening band concerts have drawn well from the ranks of those owning autos, many of whom have made the cool ride in the early evening, returning late at night.

Dodge Raised Its Share

For The Red Cross

Clerk, David Horner of the Dodge Schools this week reported to the News, that he and his neighbors felt that they and their home district had been overlooked, especially as far as the publicity was concerned, in the recent Red Cross drive.

Mr. Horner reports that immediately on receipt of the Red Cross literature from the county manager, he and his neighbors had raised the sum of \$13.50, which was duly remitted through the regular county channels.

Glare On Wind-shield

Causes Bad Smash

"While the glare of the setting sun on the wind-shield, was primarily to blame, it was carelessness in driving on the left side of the road, that caused the collision," — so says Alf Drill of Faraday, whose son Ray, a week ago Wednesday evening, attempted to ram his little Regal car through an Oakland Six.

Ray, who was alone and enroute to Estacada from Bull Run, while rounding a curve near Orient, swung to the left side of the road, when the red glare of the setting sun flashed on his wind-shield and temporarily blinded him. Unfortunately at that moment, a new Oakland machine, containing four passengers and driven by its owner, Wm. E. Ruepell of Portland was in the way, with the two cars meeting head on, badly smashing both cars, but luckily not seriously injuring anyone.

As the fault was entirely his son's, Mr. Drill replaced the broken Oakland with a new car and expects for a few hundred dollars to repair the damages to the two machines.

Mr. Drill wishes to emphatically warn autoists against swinging to the left side of a road under any conditions, except in passing a vehicle going the same direction.

New Sidewalks Being Laid

Work in the lowering to grade and rebuilding of the sidewalks on Main Street, Estacada between 1st and 2nd Streets is now underway.

Unless some of the other sidewalks in Estacada receive immediate attention, the city is liable to find itself with a law-suit on its hands, as several bad falls were taken by adults and children last week, due to loose and missing planks.

Even the sidewalk on the Main Street side of the Estacada Schools is in bad condition and should receive prompt attention, as the traffic is heavy along that portion of Main Street.

Leroy D. Walker of Portland and a party of friends spent Sunday in Estacada, picnicing in the park.
