## Is Now A National Slogan

*The American people are waking up  
They resent the charge that  
they are wasteful*

Bank deposits all over the country are  
increasing by leaps and bounds

### Are YOU a depositor?

If you are not, join the financial  
preparedness army. Manage to  
lay aside a certain amount of cash.  
We'll be glad to explain our bank-  
ing system.

Cash in bank means a lot to you.  
It prepares you for an emergency.  
If there is a slump after the war,  
ready cash will tide you over.  
If there is business expansion, a  
goodly bank account will find you  
ready for it.

See us today about that account of yours  
We do all kinds of banking

### Changes Being Made

#### Among Soldiers

Several important changes are now being made or contemplated among the various companies of soldiers stationed in this district, but as the newspapers have been officially warned against giving publicity to these troop movements, the News has abided by that ruling.

### Account Of Pomona Grange Omitted

An apology is due the members of the Garfield Grange for the News having omitted to make mention of the special Pomona Grange session, held at their hall on Friday, July 11th.

The News in its issue of July 5th, had called attention to this important session, but had later overlooked printing an account of the affair.

The only excuse offered is that owing to the rush of the "war draft" news, we simply overlooked this matter and as it happened were not reminded of it by any of the Grange members.

### Permanent Improvements Nearing Completion

With the finishing touches now being put on the Cascade Garage building and with the Estacada High School well along towards completion, Estacadians may now point with pride to these two modern structures.

The new garage is of fire proof tile material, with concrete flooring and ample lighting and ventilating facilities and from an architectural standpoint is a structure of beauty and stability.

The high school building is substantially completed on the outside and is undoubtedly the finest structure in this part of the county.

With the lowering of the sidewalks on Main Street about finished and the laying of permanent concrete walks in front of the J. W. Reed property on Broadway and the Evans' property on Main Street, Estacada is taking on a more stable and prosperous appearance and when the two whistles at the cannery and the cheese factory sound their daily calls, it sounds like good times and real business.

### Card Of Thanks

For the many kindnesses and expressions of sympathy extended to us in the recent illness, death and burial of our mother, Mrs. Jessie Krieger, we wish to sincerely thank our many friends of this community.

Signed -

Mr. and Mrs. Julius Krieger  
Albert Krieger

### Stenographers And Typewriters Wanted

The United States Government needs, and needs badly, great numbers of stenographers and typewriters, both men and women, for service in the departments at Washington, D. C., and the situation in federal offices outside of Washington is scarcely less urgent. The supply of qualified persons on the Commission's lists for this class of work is not equal to the demand, and the Commission urges as a Patriotic Duty that citizens with this special knowledge apply for examination for the government service.

At present all who pass the examinations for the Departmental Service are certified for appointment. Large numbers of stenographers and typewriters are needed for the Field Service, and practically all men who pass the field examination are appointed at an entrance salary of \$1000 per annum. Many women are required for various branches of the Field Service, and recently 20 women stenographers and typewriters have been appointed in the Puget Sound Navy Yard.

Examinations for the Departmental Service are held every Tuesday in 47 cities in the Eleventh District. Examinations for the Field Service will be held on August 18th.

For full information and application blanks apply to Herbert F. Ward, District Secretary, 11th Civil Service District, 303 Post Office Building, Seattle, Wash.

The friends of Mr. and Mrs. H. G. Trowbridge, formerly of Estacada, will be pleased to learn of his recent appointment to the managership of a large milk condensery near Snohomish, Washington, where they will soon make their home.

Art Perry of Garfield returned Sunday from Scappoose, where he was employed for a couple of weeks prior to the shutting down of the Nehalem Lumber Company's mill last week.

Born - Friday, July 27th, to Mr. and Mrs. Gordon Lawrence of Springwater, a son.

Mr. and Mrs. R. H. Currin of Currinsville entertained a few Estacada friends Tuesday evening at a delightful dinner party.
