THE WEEKLY

Devoted to the stimulation of civic and community pride - the patronizing of home industries - and the boosting of the W. Givens Company, Incorporated.

BOOSTING SPIRIT

Vol. 1 No. 35

August 2, 1917

Estacada, Or.

Special Prices

For the past three weeks it has been our policy to offer our customers some article, which we have purchased advantageously, at special prices so that they may profit by our fortunate "buys". Last week we featured crackers, and by the way, we are going to continue to sell them at the reduced prices until they are closed out. We want you to come and see them for your selves, but suffice it to say that \$1.50 will buy one of those twelve pound wooden boxes and our other prices are in proportion.

COTTOLENE is the article we are going to save you money on this week. For the benefit of those who were not able to profit by our special sale on lard we offer these prices, while our supply lasts.

Large pail of Cottolene - \$2.10
Small pail of Cottolene - .90

Scratch Food

We just received two tons of scratch food. Today a phone message came advising us of a \$3.00 advance on this stuff. We are mentioning the fact so that those who are feeding scratch food to their poultry may profit by the tip.

Drinks five cups of our Coffee

The Farmers' & Merchants' Club picnic was a huge success. The ladies who made the coffee are to be congratulated, although we can not help but feel a little pride in having furnished that coffee, and we want to congratulate the man who drank five cups of it. He is a true judge of good things—and—if you dont believe the story about the five cups, we will furnish his name and address.

Mill Feed

Wednesday we unloaded a car of nice fresh mill feed so that all our stock of feed is complete.

Sheep and Hogs

We shipped a carload of mixed livestock last Wednesday which was the first we have gotten together for several weeks. From present indications we plan another car load in two weeks.

Will your "War Cupboard" be filled?*

Among the women of this county who are looking to the future, there is one who has alrerdy filled 500 fruit jars with rhubarb, berries, salmon, peas and string beans. She is at present putting up cherries and will can other fruits as they ripen. Perhaps you have read about her in the daily papers. This woman lives in a distant part of the county so we did not supply her with jars, but we are furnishing other women with jars, every day, at prices as low as 65c a dozen. Some of our customers affect a saving by purchasing a gross of jars at a time. If you need a few more jars, we would like the chance to furnish them.

Calol Liquid Gloss

A perfect Polish for restoring original lustre to automobile bodies, pianos, furniture and all varnished woodwork is CALOL LIQUID GLOSS. You will find that it is unexcelled for use on dust absorbing mops and clothes and for a trial size you can buy as small an amount as half a pint, which will cost only "two bits" and will make your Ford look like new again.

FRUIT JARS

Tops and Rubbers and Jelly Glasses
