The readers will hereafter miss the "Boosting Spirit" page, which for the past year has been an interesting, entertaining and instructive advertising feature of the News. But its loss will not be felt any more keenly by the readers than by the publisher—but advertiser and publisher cannot always agree, which is one of the penalties and joys of being "A Editor."

Exonerated

At a meeting of the Estacada Christian Church on Sunday, October 7th, after a free discussion of the slander case of Givens vs Kerkes, the following resolutions were adopted by a unanimous vote:

Whereas in times past there has been circulated in this community certain statements of a serious nature pertaining to Walter Givens, and reflecting discredit upon his standing in this community, and

Whereas, because of his close association with the Church Life of this community it becomes necessary for the church to take knowledge of these reports, and cause his labors in the church to be restricted while these charges were pending, and

Whereas, there was recently held in the Circuit Court of this County a trial for the purpose of causing these derogatory statements to be substantiated by the party making them, and

Whereas, instead of proving a single one of these statements, the party making same, denied under oath having made the statements which we know were circulated, and by such denial thereby exonerated the accused (Walter Givens), now therefore,

Be It Resolved by the Estacada Christian Church in mass meeting assembled that we do hereby condemn the malicious circulating, without apparent cause, of false and incriminating statements regarding one of our

number, and in order to give expression to our disapproval of such a course of blackmail and slander and to further show to the community and county at large that we consider the accused as having been completely exonerated, and to give our expression all the publicity that is possible.

Be It Further Resolved that we hereby authorize the Pastor and Officers of this Church to sign and to furnish other Christian Churches of this county, and to cause to be published in the various papers of this county and such other papers as they may deem wise, and to furnish to one Walter A. Dimick and one M. J. Kerkes, a copy of these resolutions, we do also invite Walter Givens to return to the full fellowship of the Estacada Christian Church the same as before the false statements were circulated.

Odd Marriage Belief.

An unmarried man or woman of marriageable age is something that is rarely seen in the Fiji Islands. The reason of this is not far to seek. The natives believe that if a person dies while in an unmarried state his or her soul is doomed to wander about through endless ages of eternity in an intermediate region between heaven and hades. At the end of each moon they are allowed to look into heaven, but are never permitted to enter.

**Conference Reappoints
Rev. Spiess**

As a result of the Annual Conference of the M. E. Churches, Rev. Henry Spiess will continue in charge of the Methodist interests in Estacada and nearby.

Mr. Spiess's son, G. A. Spiess will be in charge of the church's interests at Sandy and Boring.

Rally Day services will be held at the Estacada M. E. Church next Sunday. Parents and friends are invited to join in the Bible study classes. The Rally Day program will follow the lesson and will continue through the eleven o'clock service, occupying the entire morning.

Owing to the C. E. Rally at the Springwater Church that afternoon and evening, no Endeavor or preaching services will be held here.

England and Russia.

A knowledge of English is widespread among the educated classes of Russia. There is not a notable play or novel produced in London which is not acted or read in Russia. The Russian Intelligenzia knows not only French and German, but also English history and literature, thoroughly.

Gytha, the daughter of King Harold, who was slain at Hastings (1066), through her marriage with the Russian Prince of Tchernigoff laid the first foundation to the close relationship between Great Britain and the Russian empire. The real English "discoverer" of Russia is, of course, Richard Chancellor, who, through his voyage to Moscow in 1553, established solid commercial connections between the two countries. Peter the Great's mother was brought up in a Scottish household.—Exchange.
