ESTACADA DEFEATS GRESHAM 13 TO 2

Cooperation Of Parents Urged In Efficiency Campaign For Students

When the crack football team of the Estacada High School stays in its own class, contending against teams from high schools of its own size or slightly larger, it is a consistent winner, as was demonstrated in last Saturday's game in Estacada, when the much heralded Gresham eleven was defeated by a score of 13 to 2.

The Gresham team and its supporters came in a special car, with many making the trip by auto, but their opportunities for rooting were few and far between and excepting for a lucky touch-back, obtained by downing Stormer behind the lines on a kick-off, they hardly knew their team was in the game.

As usual, the men behind the line, Drill, Janssen, Sarver and Stormer had the opportunities for star play, but Heiple in his position in the line broke into the game with both feet and hands, executing a fine catch of a long forward pass and repeatedly breaking the Gresham line and tackling the runner.

The same good rooting and consistent school spirit was present from the E. H. S. student body and friends and much of the season's success to date is attributable to this encouragement.

While athletics play an important part in the education and activities of the local schools, Principal Wilson is also a firm believer in efficiency systems, as applied to education and is attempting to obtain the full cooperation of the parents.

The following circular letter has been sent to the parents of all pupils, along with a card to be filled out. The card contains questions vital to the pupil's work, such as age, birth place, condition of health generally, condition of teeth, plans, if any, for the child's future and similar necessary data:—

"Dear Parents:—

We are anxious to render the best service possible for your children and we believe that this can be done by the home and school working together. We, therefore, earnestly solicit your hearty cooperation in all matters. A good word from you boosting our school means much.

If you have information that will aid the teaching force to understand your

Aged Eagle Creek Resident Passes

In Estacada, on Saturday, October 20th, W. G. Baker, a well known resident of Eagle Creek passed away at the age of 72 years, 3 months and 6 days.

The death of Mr. Baker was not unexpected, as he had been in failing health for sometime and was undergoing treatments in Estacada at the time of his death.

Washington Banford Baker was born July 14, 1845 at Bakersville, Pa. and was married Sept. 30, 1869 in Lynn County, Iowa to Miss Julia Hunter, who died in Oregon, March 1901.

Mr. Baker came to Oregon in February 1878 and had resided at Eagle Creek for many years.

The deceased is survived by three sons, Henry S., of Lents, Oregon and Louis and Alexander of Eagle Creek.

Funeral services were conducted by Rev. Weld of the Springwater Presbyterian Church at the Eagle Creek Church, with interment taking place in the Gibson Cemetery near Dover, being in charge of undertaker Chapman of Estacada.

Lime \$6.50 F. O. B. Here

We are reliably informed that lime for use in offsetting soil acidity, can be obtained here at a price of \$6.50 per ton, according to R. J. Werner, County Agriculturalist, who last week and this week was an Estacada visitor.

Lime is now being sold in small quantities in various sections at a price of \$12 to \$15 per ton, but if Mr. Werner can furnish this necessary commodity at a \$6.50 price, it should prove a boon to the local farmers.

child will you kindly furnish same? If something needs adjusting will you quietly bring the matter to our attention so that we may remove the friction and secure the greatest possible efficiency.

We desire that our children be happy, healthy, and regular in attendance. Even a fraction of a days absence may prove a serious handicap for that semester. We are inclined to believe that much care should be given the growing child's health. Nutritious food and proper clothing are essentials.

As we enter into this partnership for the best interests of your child may we also do as well by every child in the community. We hope that the true spirit of American democracy may be fostered in our school.

We extend to you a cordial invitation to visit classes and attend school functions.

Sincerely,
T. E. Wilson, Principle."

Woodle-Pogue Wedding

At the home of Mr. and Mrs. J. P. Woodle of Eagle Creek, at noon Tuesday, October 23rd, occurred the marriage of their daughter Mary Sabina to Rev. C. W. Pogue of Nehalem.

The ceremony was performed by Rev. Spiess of Estacada and was a pretty home wedding in the presence of the family and a few intimate friends.

The bride is a graduate of the Estacada High School and one of the popular girls of the younger set, being a leader in school, church and social activities.

Rev. and Mrs. Pogue left immediately following the ceremony for Portland, and from thence to Nehalem, where they will make their home and where Rev. Pogue is pastor of the M. E. Church.

Blow-out Puts School Teacher In Hospital

Late last Saturday afternoon, Miss Ruth Saling of Currinsville and Miss Ethel Krigbaum of Garfield, accompanied by Alfred Hargraves of Company D of Clackamas, were brought into Estacada by W. Cromer of Logan, following an accidental termination of the young folks' auto trip, which occurred on a turn in the road near Logan.

The party of young folks, comprising the three who returned here and Miss Christina Graham, who is in charge of the Currinsville School and Clifford Upham of Company D, while enroute to Oregon City in the Krigbaum Ford, met with a blow-out, skid and turnover of their machine, resulting in Miss Graham being sent to the Oregon City hospital, where her injuries consist of a broken nose and minor bruises.

Luckily none of the others were injured, other than bruises and a shakeup, which for a time rendered Miss Krigbaum unconscious.

The car was brought to Estacada Sunday, where the Estacada Garage is putting it back into running order.

Garfield And Springwater Couple Wed

Announcement is made of the marriage on Saturday, October 20th, at Vancouver, of Floyd Davis, son of Mr. and Mrs. J. J. Davis of Garfield and Miss Ora Myers, daughter of Mr. and Mrs. W. E. Myers of Springwater.

RAILWAY FORCED TO INCREASE RATES

Freight Rates Increased 15% Special School Rates Abolished

A review of the new tariff sheets issued by the Portland Railway Light & Power Company and becoming effective after October 30th next, show a decided increase in nearly all classifications.

The travelling public will be effected to some extent by the abolishment of the regular round trip rates, with the ordinary one way rate current each way. This tariff will not change the present Saturday, Sunday and holiday special rates however.

Probably the greatest harm will follow the abolishment of the so-called school rates, which have been effective for the past year or two and which apply directly to many rural students now attending the Estacada and other schools daily from distant points. Under the new tariff it will be necessary to pay not only the former round trip regular rate, but double the regular one way fare, amounting to over 100% increase.

Freight rates in all classifications will be increased 15%, which will be noticeable in the sales prices of all commodities.

This action on the part of the railway company seems to be a necessary one, with the company forced to increase its rates to meet the upward tendencies of other commodities and to meet the increase in wages being paid all passenger and freight trainmen and employees in other departments, besides the contemplated inauguration of the eight hour working day.

Fleming And Smith Appointed To Council

At a special meeting of the Estacada City Council held Tuesday evening, D. S. Fleming and James Smith of Estacada were appointed councilmen, to fill the vacancies caused by the resignation of S. E. Wooster and the acceptance of the mayorship by John Lovelace.

The council also read for the third time and passed the special ordinances relative to the repair and rebuilding of certain sidewalks within the city.
