## We're One Year Old Thank You!

In celebrating our first birthday, November 16th, we take pleasure in looking back over our first year's business and while we are far from an attainment of our aims and ideals, we are congratulating ourselves on the substantial and prosperous business which we have built to date.

We thoroughly realize that our success has been largely due to the generous patronage of our many friends and patrons of this community, coupled with our own willingness and desire to do our best to serve those wants.

Starting in a small way, our store and warehouse now contain a complete line of flour, feed, groceries and other necessary staples, with our yard handling a full line of lumber, shingles, lathe, sand, cement and general building material.

Our delivery department, which at first consisted of faithful old Frank (our horse) has now been augmented by the addition of a Ford car. As prompt delivery is important for our success, we will continue to uphold our reputation in that line.

In conclusion, we wish to sincerely thank our many friends for their patronage and support and hope during the following years to be able to even more satisfactorily supply their every want and to our mutual advantage.

### Grade Entertainment Pleases All

Before a crowd of fond and adoring parents and friends, the children of the Estacada grade schools on Tuesday evening gave their annual entertainment, which was excellent from start to finish.

The program consisted of ten distinct features, including three numbers by the primary boys and girls, with the balance staged by the pupils of the 2nd to 8th grades.

Especial credit is due the teachers, whose patience in rehearsal and drilling was amply rewarded in the creditable manner in which the children performed, from songs and recitations, to gymnastics, acting and pantomime.

If there was stage fright among any of the youthful participants, it was not evident to the audience, for each boy and girl was as composed and cool during his or her part, as any experienced performer; in fact their ability to appear at ease on a public platform would shame the average adult.

The program was largely of a patriotic order, with the red, white and blue predominating.

The singing of patriotic songs was joined in by the audience, which, (we dislike to admit) showed considerable unfamiliarity with the words of The Star Spangled Banner and America, other than the first verses.

O. C. Twombly and wife of Garfield, who recently sold their farm there, left this week for Portland, where they will make their home. The new owner, Milton Mattoon and family of Oregon City are reported to have moved onto the new place.

Walter Smith of Eagle Creek, one of the E. H. S. varsity football men is now confined to his home with the mumps. The absence of Smith in Wednesdays game was apparent.

#### All Circus Rings the Same Size.

Railway tickets are the same size all over Great Britain and the continent viz. 2 1/4 by 1 1/4 inches and have been so for the last fifty years. This surely indicates a worldwide tendency to standardize.

Every builder's ladder is built to scale, and the fireman's ladder is on the scale of the seaman's run up the ratlines. But perhaps the greatest triumph of standardizing is that of the circus. There are big and little circuses in the world, but the ring is always of the same diameter, for the bareback rider has discovered the exact angle at which he can square the circle. No matter whether it be a ring cut in the turf or a luxuriously appointed theater, the circus ring never varies a foot. London Mail.

#### Saliva Secretion.

The amount of saliva daily secreted by an average male adult is a trifle more than three pints.
