BOOSTING SPIRIT

Vol. 1 No. 45

November 29, 1917

Estacada, Oregon

And Here We Are!

We told you last week that we were coming back again with the **Boosting Spirit** "and here we are." And now really don't you think the Eastern Clackamas News is a better looking paper when we are a part of it?

One good housekeeper was kind enough to say to us this morning, "Well I am so glad to know that the Boosting Spirit is coming back, for since it has been missing, it has just seemed as though each week something was wrong in our home that couldn't be explained."

Well, we are glad folks have missed us for we like to be missed and we hope to make the Boosting Spirit more of a booster in the future than it has ever been in the past.

Spuds, Murphys or Potatoes

Call them what you will - the market has gone entirely to pieces, because of the enormous production throughout the country and no one can tell just when it will come back.

We are still buying and will continue throughout the season, but the market has gone so ridiculously low that we are ashamed to quote any price but you may rest assured that no matter how high or how low the market goes we will always be paying top prices.

Our Store Closed Thursday

Our store will be closed all day on Thanksgiving.

Here's Your Chance!

To Buy

STOCK and POULTRY FOOD

For Less Than The
Wholesale Prices

We have decided to discontinue the handling of the INTERNATIONAL, DR. KORINEKS, and SENECA lines of stock and poultry foods and offer you these staple articles at the following prices, while the stock lasts: -

All \$1. Packages	65c
" 50c "	35c
" 25c "	15c

Don't let your friends take advantage of this and leave you entirely out. It is the best buy that you ever made. First come first served.

Livestock Business Booming

Lately we have been shipping a car of mixed livestock every week but on account of this being Thanksgiving, Fred thought it best to postpone this week's shipment until next Monday.

So if you have any cattle or hogs for sale, let us know upon receipt of this Boosting Spirit and we will come out and give them the once over.

What Have You To Sell?

We want a ton or two of small white beans and we are also in the market for empty beet-pulp and alfalfa-meal sacks.

We are still paying highest market prices for poultry and eggs.

No matter what you have to sell it will pay you to get our prices before selling elsewhere.

Dried Beet Pulp

We still have a few tons of molasses dried beet pulp, which we are selling at \$40. per ton and allowing 10c each for the empty sacks returned, making the price very reasonable.

Now is the time to feed beet pulp and you had better get your order in early, for in a short time there will be no getting.
