**But if you want to  
Raise Crops, then DRAIN IT!**

Speaking of **DRAIN TILE** — that is one of our specialties, and we always carry a stock of 4 and 6 inch tiling.

The price on this is right, but greatly lowered in quantity lots, especially where several thousand feet is ordered.

Now is the time for draining, so let us figure on your order for tile.

### The Whistle Dual

The daily whistle dual between the engineers of the Estacada cannery and cheese-factory, threatens to bankrupt the supply of steam for one or both industries.

When it comes time for the one o'clock toot, first one plant blows a blast, then the other and for from two to five minutes afterwards, each tries to see which can let out the last shriek and still have sufficient steam in the boiler to run the machinery.

If some kind of a steam calliope arrangement could be installed, similar to that used in a circus parade, it would add to the harmony, but anyway Estacada can be thankful that it has two good live industries, whose daily toots remind us that we are alive and sustaining a home pay roll. Here's hoping that they will have plenty of competition soon.

### News Assistant Leaving

Sam J. Howe of South Estacada, who has been in charge of the mechanical destinies of the News since June 1914, has resigned, his resignation taking effect December 15th

Mr. Howe's leaving is a source of serious regret to the publisher, with whom he has worked hard for the last four years in building up the home newspaper.

Mr. and Mrs. Howe will move shortly to Portland, where they will make their home for the winter at least and where he will give his attention to outside interests, which he represents.

As usual, Estacada's reputation as the home of athletes is being upheld this year, with photos lately appearing in the Portland papers of Ken Bartlett of the crack 91st Division football team of Camp Lewis and Henry Spiess, who is playing center for the Willamette University team. Ken expects to go to Pasadena again this year to take part in the big New Years game, between the 91st Div. team and the Mare Island Marines.

Attorney C. W. Devore of Estacada announces that beginning Monday, December 17th, he will be at his office every day from 9 A. M. until 5 P. M., excepting Wednesdays and Sundays. During these hours Mr. Devore will give any aid or assistance possible to the men called upon to fill out their Questionnaires, for which service no charge will be made.

Walter Whitbeck of Estacada spent a few days at home early this week, prior to leaving for Newport, News, Va. where he is a member of Supply Train, Co. 4.
