A Repeater

A few weeks ago we announced our closing out of two lines of STOCK and POULTRY foods. We have a few of these left and are still selling them at 65c on the dollar while they last. You can't afford to pass these up.

How's This For A Big One?

Speaking of lies, we want to tell you a good one, which though old might be some benefit to some of our farmer friends who have land to clear. A fellow down in the vicinity of Eugene said he was out plowing in some stumpy land one day when it was raining and awfully wet. He was wearing a pair of buckskin trousers and driving a pair of Missouri mules. The mules became unmanageable and dragged the plow right through a stump more than a foot in diameter and took the man along with him, but the stump closed up again on the seat of his buckskin trousers, and before he could stop the mules they had stretched his trousers from the stump to the barn door. He just slipped the trousers off and hung them up in the barn on the center post and the next day when the sun came out the buckskin trousers began to shrink and before he knew it the stump was pulled out of the ground and right up to the barn door. Some pants.

We suggested to him that those mules had some pep, and came to find out that he had been feeding them some of the same kind of feed and stock tonic that we carry in store. If your stock is run down, come in and let us help you to tone them up. Remember we are closing out DR. KORINEKS and INTERNATIONAL Stock foods at less than cost. Get yours before they are all gone.

Some Poetry

We handle feed for man and beast.

The best in every line,
At prices right, and always least,
That's why OUR BIZ is fine.
