**Don't Miss the Mole  
Catching Demonstration**

Attention is again called to the demonstrations to be held in Eagle Creek and Estacada on Friday the 8th, when Prof. Scheffer of the U. S. Dept. of Agriculture will demonstrate the proper trapping and preparation of the skins of moles.

The Eagle Creek demonstration occurs in the morning at 10:30 and Fred Anderson, believes that his protege, B. F. Cogswell, who holds all records for a one night's catch, will share the honors with the government's expert. Fred reminded us of "B. F.'s," famous trapping campaign, which even included a few tom-cats and a pup.

The Estacada demonstration takes place at the school at 2:30 in the afternoon.

G. T. Judd of Eagle Creek is leaving this week for Anaheim, California, where he will engage in orange orcharding.

**Springwater Dramatics Net  
C. I. C. \$12.50**

The repetition by the young folks of the Springwater Christian Endeavor Society of their clever dramatic sketch, "Riverside Farm", which was given Friday evening, under the auspices of the C. I. C. in Estacada, netted that organization \$12.50.

Inclement weather was responsible for the absence of a crowded house, although many attended. The playlet was a good one, with the acting of Miss Ava Owen way beyond the amateur class in the stellar part, with her support well handled.

An exceptionally enterprising addition to the performance was the electionary work of Miss Bessie Singleton of Reed College, whose dialect and farce dramatics brought forth repeated applause.

**LUCKY STRIKE  
CIGARETTE**

**YOU'LL** enjoy this real Burley cigarette. It's full of flavor—just as good as a pipe.

**IT'S TOASTED**

The Burley tobacco is toasted; makes the taste delicious. You know how toasting improves the flavor of bread. And it's the same with tobacco exactly.
