E. H. S. Echoes

Contributed by Estacada High School

Teachers' Institute was held in the E. H. S. auditorium last Saturday, with teachers from many county schools in attendance.

Among the speakers were N. C. Maris of Salem, who spoke on "Industrial Club Work"; F. J. Tooze of Oregon City, whose subject was "The Thrift of Public Schools" and A. M. Churchill of Portland, who lectured on "Food Conservation." Mr. Churchill said in part, "Our people must save wheat, because all of the extra supply was shipped to Europe before December last."

Miss Lorene Parker, Clackamas County's organizer of clubs for home economies, said—"There is about one pound of wool per person in the U. S. The soldiers must have woolen clothing; therefore, we must make over old woolen garments, in order to save the wool for the boys who are doing the fighting."

Dinner was served at the institute by the girls of the domestic science classes and apparently was enjoyed by all, being a war-time-dinner, the menu being

Tomato Bisque
Croutons
India Relish
Jelly
Chicken Tamale Pie
Creamed Tomatoes
String Beans
Rye Bread
Butter
Fig Pudding with Liberty Sauce
The net proceeds from the dinner were \$9.80.

Several of the E. H. S. boys are trying their luck at cooking and are progressing rapidly under the careful instructions of Miss Schrepel. Also some of the girls are taking manual training, which should make them more efficient citizens, with Mr. McCormick, the manual training teacher, doing his best to help them.

The domestic science girls will be making war-breads next week, those desiring same are asked to notify the girls.

Cliff Sarver of Currinsville, who has been dangerously ill in Portland, was brought to his home Friday, where he is reported to be getting along as well as could be expected.

Mr. and Mrs. R. L. Githens who are now living in St. Johns and Mrs. E. Fitzgerald of Portland spent Saturday and Sunday at the home of Mr. and Mrs. Henry Githens.

City Marshal John Page of Estacada this week collected within the city limits, licences on fifteen dogs. Hereafter all unlicensed canines will be shot at sun-rise, if John can hit 'em.

The local W. C. T. U. will meet Thursday, the 21st at the P. M. Wagner home in Estacada. The afternoon will be spent in making surgical bandages. Already this organization has made and delivered 230 bandages, and needs more old sheets, flour sacks and the like, to continue the work.

Dover Doings
Contributed

Important road work is now being done by volunteers in the Dover district, in corduroying the road from the Updegrave place in Dover to the Strong place in Firwood. This is not a county road, but is used by the cream-hauler and was at one time used by the rural carrier. Those doing the work are Charles Updegrave, Birch Roberts and Wm. Burghouse.

Bruce Schminky of O. A. C. spent the week-end with his parents in Dover.

A. J. Morrison spent a few days last week in Portland and while there was joined by his son Harry, who is in training at Camp Lewis.

Miss Ruth Brown of Bull Run spent the week-end among friends in Dover.

Hugh Guthrie recently purchased in Portland a span of 1200 pound mares for use on his Dover farm.
