

The Gospel of Labor and Materials

All the dollars in the world could not buy victory. Because victory is not purchasable—we must work for it and, if need be, die for it. Dollars can work for victory only in so far as they are converted into labor and materials. A dollar hoarded is a slacker; a dollar wasted is a traitor; a dollar saved is a patriot. For a hoarded dollar represents idle power; a wasted dollar represents wasted power; a dollar invested in the United States Government represents power saved, labor saved, materials saved—it represents power, labor and materials in action, on the firing line, over the top. And more—it represents reserve power, energy stored, purchasing power conserved for its owner to use later on.

Buy War Savings Stamps. You can buy a United States Thrift Stamp for 25 cents. A card is furnished on which to paste it. Sixteen Thrift Stamps plus a few cents cash will buy a War Savings Stamp. On January 1, 1923, the United States Government will pay you \$5.00 for each stamp pasted on a War Savings Certificate. This is 4% compounded quarterly when the stamps are held till January 1, 1923.

LUCKY STRIKE CIGARETTE

Until this new "smoke" was made you could never have a real Burley tobacco cigarette. It's the best yet.

IT'S TOASTED

The toasting brings out the delicious flavor of that fine old Kentucky Burley. You never tasted anything so agreeable—think what roasting does for peanuts.
