Frost For Sheriff

D. E. (Jack) Frost of Oregon City, deputy sheriff of Clackamas County has announced his candidacy for sheriff at the coming primaries.

Mr. Frost is well known throughout the county for his efficient work as juvenile officer and being a Republican, should prove a strong contender for that important office.

Businessman

**A man who does things.
Who has accomplished something.**

Who knows how to work and get results.

Who knows Oregon's needs, requirements and resources.

Who has the experience, knowledge and business understanding.

Who, as a state Legislator for six years, has already done much for Oregon.

Whose republicanism is unquestioned and whose ability has been proven.

Are You in the 15 or 30 Mile Class?
Knowledge is Power and a Money Saver

\$\$\$\$

By the exercise of ordinary carefulness almost every automobile owner can cut down his bill of expense without reducing mileage.

The automobile industry has built up a closely knit organization of service helps; every cross-road has its **Service Station** (commonly called a Garage) where for little or nothing, by inspection and advice, he can reduce his Gasoline, Oil and Tire consumption. Every motorist should avail himself of this knowledge immediately upon receipt of his car.

Where ever you go you find motorists who are getting only from 12 to 16 miles, which shows something materially wrong. Why let this go on? Carbureters should be carefully watched and kept in adjustment.

Do not tinker? If you don't know how, let a competent man undertake this and if it works well, let it and everything else alone.

There are 3,000,000 cars in use and if every motorist would get thoroughly acquainted with his machine millions of dollars would be saved each year.
