

### Wedding Bells Fail to Ring

R. C. Herring, the announcement of whose wedding appears on the front page of this issue, advises the News office this morning, that his plans were changed and he did not get married.

Rol had previously bought cigars for his Estacada friends and asked that a write-up of the affair appear in the News, and our only regret is that he did not call at the News office personally this morning.

Walter Givens of Estacada is now occupying the pulpit of the Christian Church at Kent, Oregon, making the trip each weekend.

C. M. Davis of Springwater is now arranging his farming so that he can be away for the summer, expecting to go to eastern Oregon, where he will be employed with his tractor. Mr. Davis is selling off most of his livestock and after Monday next will discontinue his usual weekly grindings of grain.

Several news items from the rural districts were received this week too late for publication, but will appear next week.

### Draft Of Fifteen Takes Garfield Boy

Clackamas County's quota of fifteen, to leave March 29th for training at American Lake, includes but one man from this part of the county, namely Harry C. Reid of Garfield.

It was announced that this draft would take no man occupied in farm work, but in Mr. Reid's place, he probably asked no exemption, as he has been eager to enlist since the outbreak of the war, but on some slight technicality having been refused before.

Among the sales made by the Estacada Garage recently are included a 4 ton Velie truck to Jess Cromer of Estacada; a Ford car to W. E. Cromer of Logan and Ford cars to Walter Givens of Estacada and Rev. Ghormley, former pastor of the Estacada Christian Church.

Jim Abbott of Estacada, after a few months spent at Pleasant Home, Oregon, returned to Estacada Tuesday.

Delivery was made this week by the Cascade Garage of a Chevrolet car to U. S. Morgan of Estacada.

**FORD—FOR SALE** In First Class Condition.  
Cazadero Merc. Co.

F. J. CHENEY & CO., Toledo, Ohio.  
Sold by all Druggists, 75c.

### E. H. S. Echoes

Contributed by Estacada High School

Prof. Wilson and his class in economics last Monday visited the Estacada State Bank, where Mr. H. C. Stephens explained the intricacies of banking, the handling of checks, drafts and money.

Owing to sickness among the members of the Junior class, they were unable to give the chapie program Wednesday morning, so Rev. Spiess and E. W. Bartlett were secured as speakers. Their talks were interesting and educational and enjoyed by all.

A Junior Red Cross has been organized in the high school and all are working with great zeal.

On Friday, the 22nd, the girls of the Adeipic society will give a program, to which all are invited.

E. H. S. has lately been fortunate in obtaining the services of outside speakers. Dr. I. B. Ford, father of our ex-principal delivered an address Thursday and later that day, G. J. Taylor editor of the Molalla Pioneer, cheered all with one of his characteristic humorous talks.

The track team is practising every night and has recently purchased some new apparatus, including a vaulting pole and is preparing for the dual meet against Gresham, which takes place shortly. The girls are also practising the short dashes, three-legged races etc.

### Get A Real Man On The Job

**R. N. Stanfield**  
Republican for  
United States Senator

Oregon's resources are being neglected.

Distribution of war expenditures is unequal.

Some communities are going to be hard hit because their natural sources of income have been cut off and they will have no money with which to meet the additional taxation and war bond quotas.

It is poor business. Put business methods and intelligence in office.

(Paid advertisement Stanfield Senatorial League, 203 Northwestern Bank Building, Portland.)

## Mr. Farmer

With horses and wagon it takes you

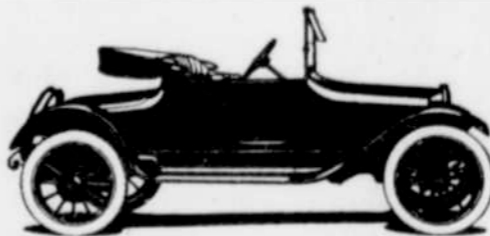

from half a day to a whole day to make a round trip to town, once or twice a week, to do your necessary buying of supplies. In other words, it costs you from \$2.50 to \$5.00 everytime you make a trip, at present wage for a man and team.

The same trip by automobile, driving in either the  
**Chevrolet or Dodge Car**

would take you from one to two hours, at a cost of your time and auto expense of from 50c to \$1. And in the mean time your team can be working on the farm.

Let us show you where it will be an economy and a pleasure for you to own a **Chevrolet or Dodge**.

Ask us for a  
demonstration  
and easy  
terms of sale.
