

What Has Your Red Cross Money Done?

In the first place, it has enabled the American people, through the Red Cross, to help care for its army and navy.

Secondly, it has enabled America to hearten her Allies' fighting forces and to keep up, among the civilian populations, the spirit to win the war. That, alone, has made the American Red Cross one of the largest factors since our entry into the war.

Canteens which provided food and hot drinks—more than a million meals to soldiers in December; warehouses, crammed with materials, situated all along the French line, all along the Italian lines, at seaports and at places where our soldiers are going to fight; institutions for the care of consumptives, institutions for the re-education of maimed men—these are a few of the concrete accomplishments abroad.

At home—the millions of woolen sweaters, mufflers, socks and other comforts for the men in camps; the work of sanitation around cantonments and the help and advice given dependents of soldiers and sailors—these are things that will "make you, your children and your children's children, in whatever part of the world they may be, proud of being Americans."

Will you do *your* share to keep this Hand of Mercy at its work?

Has Sheriff Wilson Made Good?

The Portland Evening Telegram evidently thinks so for in its issue of May 1st, it devotes two columns of space telling how Sheriff Wilson of Clackamas County converted a former well known dive keeper, and made a useful citizen out of him. It tells of two other specific cases where kindness to fallen ones in the sheriffs keeping, has started them out on the right road. It points to his administration as that of the ideal official.

Sheriff Billy Wilson has eternally chased the bootlegger, never forgetting however, that the law breaker is a human being. "Sheriff Wilson's Humanity Scores Big" says the Telegram.

He has driven notorious dives out of Clackamas County — once and for all. The Friar's Club is no more, Erickson's Tavern is done for, and The Bell Hotel is a thing of the past.

He has operated his office with one less deputy than his predecessors, and his tax department has collected more money at less expense than any other county in Oregon.

He has worked night and day as chairman of the County Local Board, and has done his work well—without one cent of expense to Uncle Sam, who asked him to take the job.

If you want this sort of a man for the sheriff of Clackamas County, cast your vote for,

Wm. J. Wilson Sheriff

Ray Eschleman In Hospital

Ray Eschleman of Estacada, who is employed in lumber work near Divide, Oregon met with an accident Saturday, which resulted in his being taken to the Good Samaritan Hospital in Portland, where he is suffering from a badly bruised thigh, dislocated hip and possibly internal injuries. The accident was caused by the snapping of a steel cable, which wrapped about his body.

Word received from Willie Still of Eagle Creek, who is stationed in Texas, stating that he was to be transferred shortly to the Hawaiian Islands.

What might have been a serious accident to E. N. Foster of Eagle Creek Monday, resulted in only slight injuries when he stepped and slipped from a moving automobile and his hand was caught under the back wheel of the machine. Mr. Foster was taken to Estacada where his injuries were dressed by a physician.

A group of Upper Eagle Creek girls spent the after-noon with Naomi Paddison last Saturday when Naomi's 15th birthday was celebrated.

FOODS TASTE BETTER COOKED —TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat.

Naturally none of us would now prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted.

And naturally follows the great discovery recently made by The American Tobacco Co.—that tobacco tastes better TOASTED!

This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco.

Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.

When they're fattened and ready for market,
