as you may have.

I have a new stock of

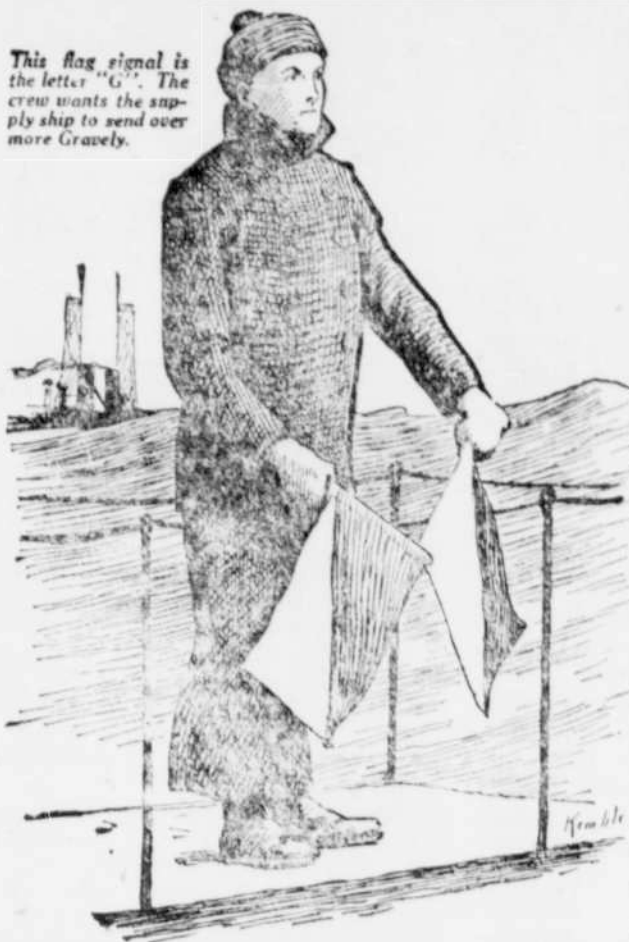

Electric Lamps

and can fill all orders for bulbs etc.

C. C. Miller

Estacada, Oregon

This flag signal is the letter "G". The crew wants the supply ship to send over more Gravely.

Uncle Sam will Hand Him Real GRAVELY Chewing Plug in a Pouch from You

The U. S. Mails will reach any man in Uncle Sam's Service. When you send him tobacco, let it be good tobacco—tobacco worth sending all that long way—the flat, compressed plug of Real Gravely.

Give any man a chew of Real Gravely Plug, and he will tell you *that's* the kind to send. Send the best! Ordinary plug is false economy. It costs less per week to chew Real Gravely, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravely with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELY

Dealers all around here carry it in 10c. pouches. A 3c. stamp will put it into his hands in any Training Camp or Seaport of the U. S. A. Even "over there" a 3c. stamp will take it to him. Your dealer will supply envelope and give you official directions how to address it.

F. B. GRAVELY TOBACCO COMPANY, Danville, Va.

The Patent Pouch keeps it Fresh and Clean and Good
—It is not Real Gravely without this Protection Seal

Cheese Association Hires Capable Secretary

At least part of the troubles of the Estacada Co-operative Cheese Association should be over now, for from now on the business and secretarial work of the company will be handled by C. A. Jacques of Currinsville, who is one of the most experienced men in clerical and book-keeping work in this community, having for years been in charge of such work for the Jennings Furniture Company of Portland.

Mr. Jacques has taken over the books and accounts of the Cheese Association and will shortly have that department of the business in perfect order.

An Apology

If the News this week does not contain its usual amount of items from outlying sections, it is not the fault of our faithful correspondents and the blame lies right here in our printing plant.

Due to continued illness of one member of our working staff and an eleventh hour forced change of linotyping arrangements, the publisher has been truly up against it this week to get the paper out in time.

Hereafter, we request that our correspondents and others will try to have their news items reach this office on Monday night or at least by noon on Tuesday, for being temporarily forced to have our type set up elsewhere, we have to get our copy into the mails by Tuesday at 4:30 P. M.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.
F. J. CHENEY & CO., Toledo, O.

The Missionary Society entertainment at Eagle Creek on last Wednesday was well attended, with visitors from George and Springwater. After the program all repaired to the Walter Glover home where luncheon was served.

Mrs. O. N. Holmen of Springwater left Wednesday for Hartman, Washington, where she will visit her daughter, Mrs. J. Johnson.

Miss Netie Woodle of Portland was the week-end guest at the parental home in Upper Eagle Creek.

A. N. Johnson, late of Estacada, has resigned his position at Vancouver shipyard and has accepted more remunerative work in one of the Astoria yards.

Mr. and Mrs. J. A. Somer of Estacada have moved to Portland for the summer, where he is employed and making their residence at 971 E. 19th St. N.

At noon to-day word was received of the destruction by fire of the Harvey Mattoon home in Viola.
