

O. & C. Land Entry

Attracting Locators

With applications for entry on the Oregon & California Land Grants to be opened June 22nd next, many land lookers have been in this community within the past few weeks, as some of the choicest agricultural and grazing claims lie within a radius of fifteen miles of Estacada.

In the Upper Garfield, Dodge, Elwood, Sandy, George and Dover country, nearly one half of the raw land is open for such entries, with a few places lying within a mile of Estacada.

Estacada and neighboring trading centers cannot help but profit by this land opening, for all settlers are required to reside on their property during seven months out of the year and their supplies, implements etc. will naturally be purchased from the nearest trading point.

R. H. Currin of Currinsville is now employed near Bull Run in connection with the guarding of the Bull Run pipe line, handling work similar to that being done by his neighbor, Henry Githens.

Catarrhal Deafness cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, T.C.

Getting ready with the pouch gives a fellow a fine appetite for more call and a chew of Gravely.

It only Takes a Minute to send him a pouch of Real GRAVELY Chewing Plug

Just drop into any wide awake dealer around here, give him 10 cents for the pouch of Real Gravely, complete in the special envelope ready for mailing.

Address it according to the official directions he will give you. Put on a 3 cent stamp—and Uncle Sam's Mails will see that he gets it.

Real Gravely is the tobacco to send. Not ordinary plug loaded up with sweetening, but condensed quality. It's worth sending a long way, and when he receives it he's got something.

Give any man a chew of Real Gravely Plug, and he will tell you that's the kind to send. Send the best!

Ordinary plug is false economy. It costs less per week to chew Real Gravely, because a small chew of it lasts a long while.
